

CIAEG at The Acorns School

Careers Education and Guidance:

The Acorns School is a pupil referral unit and provides full time education for pupils aged between 11 and 16.

The Acorns School works with students who have or are experiencing difficulties in the mainstream setting due to medical, social, emotional, or behavioural issues. We all consider that we are 'learning to achieve'

We believe that all our pupils are entitled to the absolute best education, including careers education and guidance, through a developed personalised curriculum, delivered by highly dedicated, experienced, and qualified staff.

The Acorns School is committed to providing its pupils with a varied programme of careers education and guidance activities to equip and enable them to make informed decisions and choices at key transition points both during school and Post 16. We aim to help pupils develop, identify and add to their employability skills throughout their school life. It also contributes to the school's key values as well as raising aspirations.
