

Art w.b 13.07 LO: To sketch a kangaroo or a koala

Amazing Fact

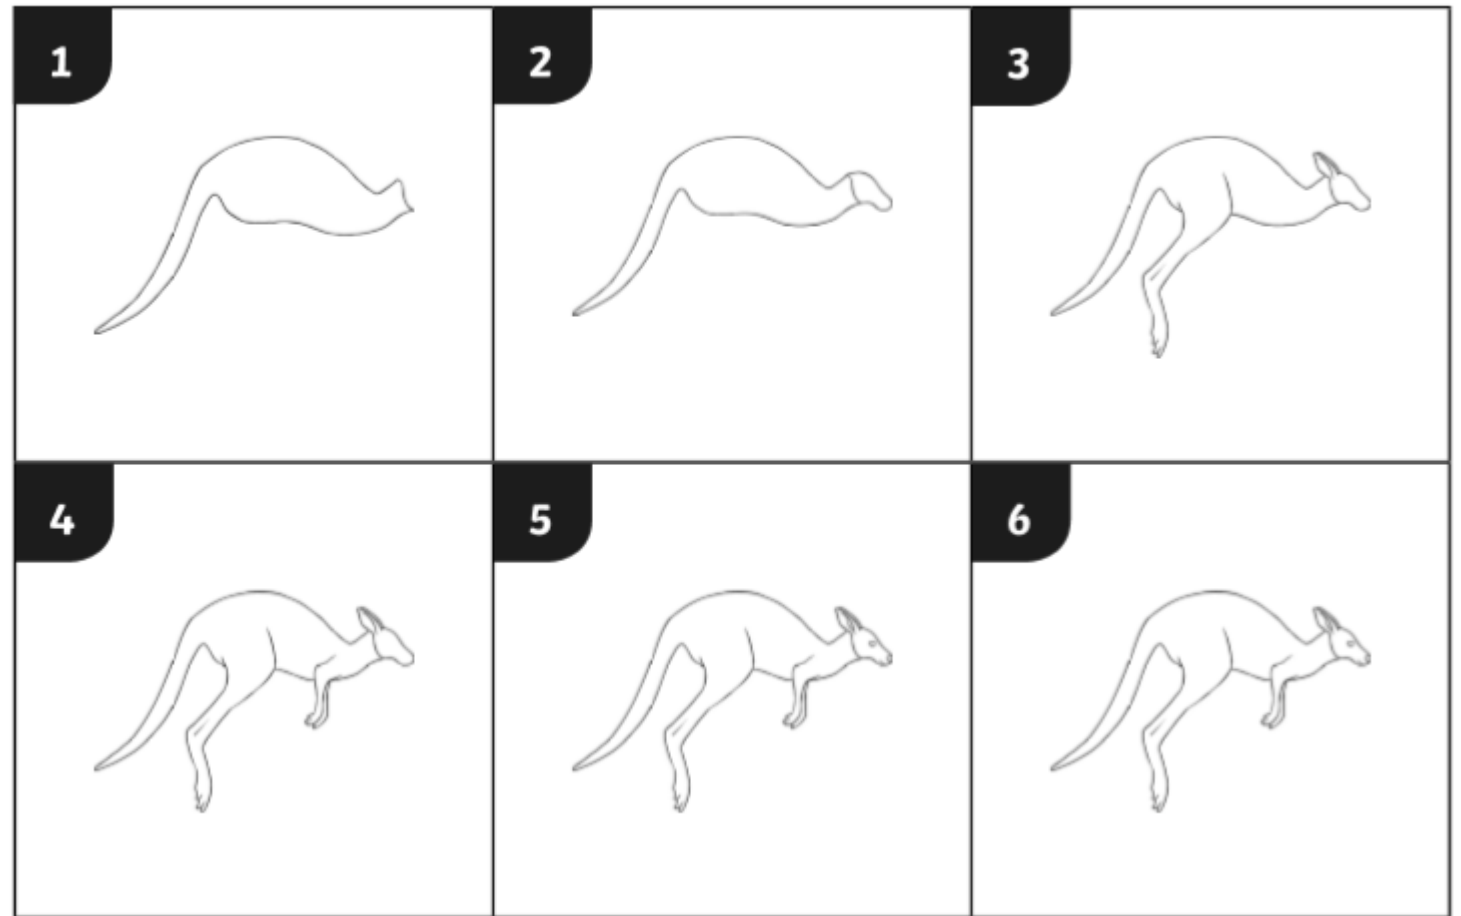

In 1859, in Australia, a man named Thomas Austin released 24 rabbits into the wild for hunting. Within 70 years, the rabbit population in the country had grown to 10 billion.

Challenge

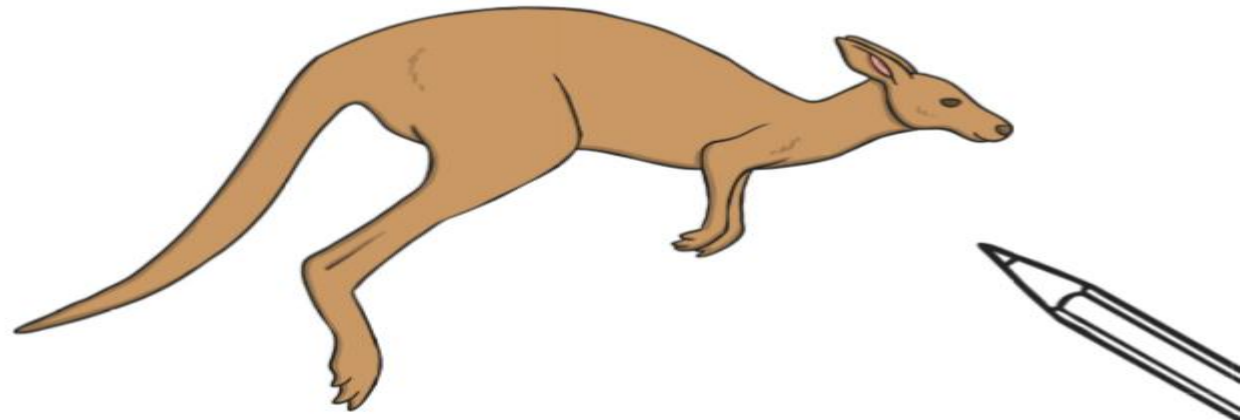

There are a number of animals that are famously indigenous to Australia.

Arguably, the most famous are the koala and kangaroo.

Have a go at sketching a koala and a kangaroo of your own using the easy steps provided.

Colour it in if you wish. Your final drawing may end up looking like this:
