

Task 1: Practise retelling the story using the words selected in the previous activity. I've written mine so you can use some of my ideas if you are struggling. Remember to use the verbs and adverbs which you selected and make sure you write in the past tense.

The Great Escape

Sneakily, Sammy slid through the gap between the bars. He carefully clambered down the side of the cage and landed on the top of the chest of drawers. Sammy had a good look around and decided he would like to play with some of Emily's toys. They looked such fun! He gently slid from drawer to drawer until he reached the floor.

There were some building blocks next to the toy box but Sammy wanted something more adventurous. He spotted a red racing car in the corner. Sammy quickly jumped into the car and pressed the on switch. The car set off with a tremendous roar! He rapidly raced around the furniture, over the carpets and under the television.

Sammy began to feel hungry so he went in to the kitchen to search for a snack. There was a tin labelled, 'Biscuits'. Sammy slowly lifted the lid and saw it was full. He greedily munched the biscuits but soon began to feel full.

Suddenly, Sammy heard the sound of the car in the driveway. Frantically, he climbed back up the chest of drawers to his cage. He sneakily returned to his bed before Emily came in to the room.
