## HOME LEARNING – YEAR 3

### Week One

Have a try of our home learning for this term. You can do the work online and send it to your teacher or do it in an exercise book and keep it at home until school reopens.

When you have completed your work, please ask your parents to complete the online questions to help us to know how you are doing. They can do this on the website, from the email or by scanning the code:

Looking forward to seeing you all soon and remember we are here to help if you need us!
