

How many altogether?

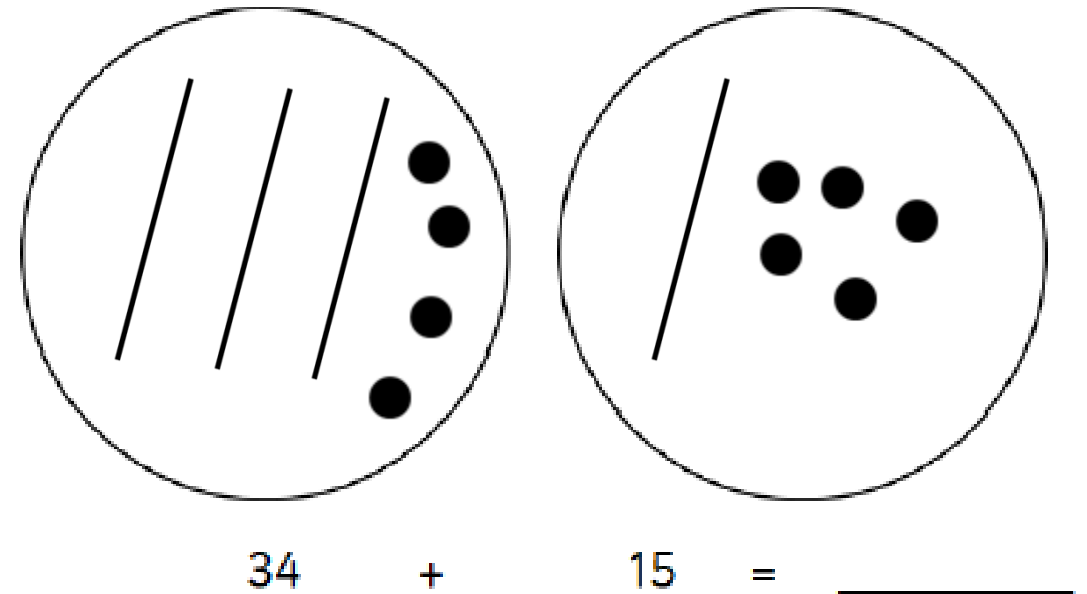

Here we have 3 tens and 1 ten which is 4 tens.

$$30 + 10 = 40$$

Then we have three ones and four ones.

$$3 + 4 = 7$$

Altogether $40 + 7 = 47$

Here we have 3 tens and 1 ten which is 4 tens.

$$30 + 10 = 40$$

Then we have four ones and five ones.

$$4 + 5 = 9$$

Altogether $40 + 9 = 49$

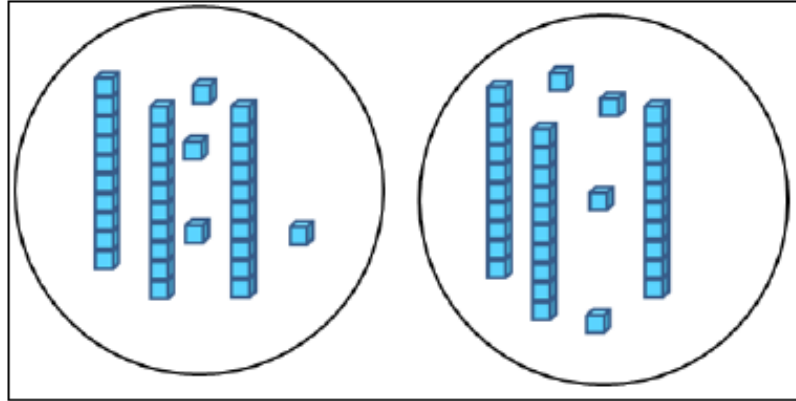

Task 2: Complete and write the number sentences.

You will need to count the total in each circle and add them all together.

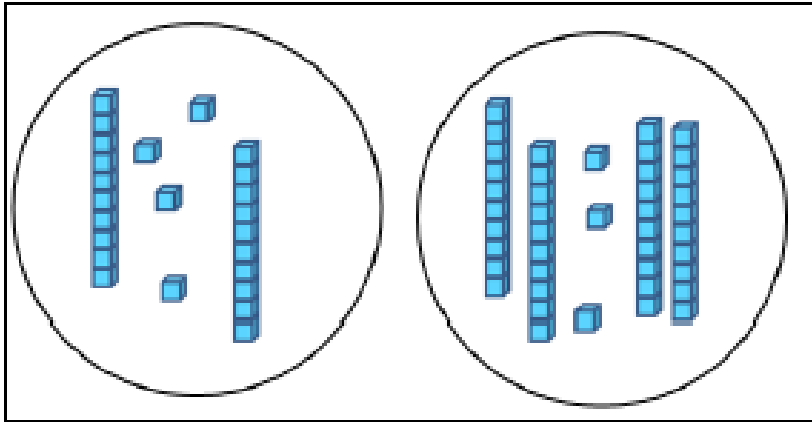

You can use the 100s square if you need.

$$23 + 41 = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
