

# Home Learning – Year 3

## Maths Lesson 1

Use a fraction wall to compare pairs of fractions.

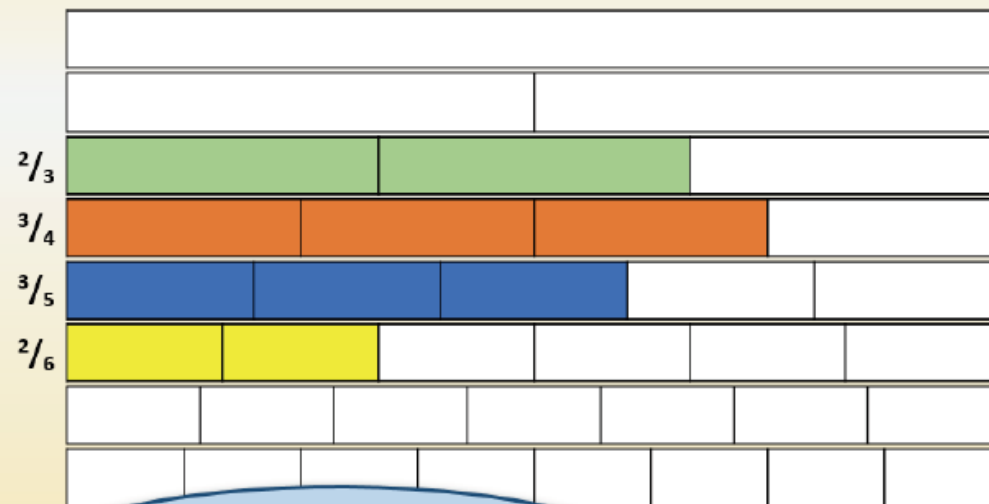

This strip has been split into **three**, so the fraction has **3** as its denominator.

If we shade just one of part of this strip we have shaded  $\frac{1}{3}$

Now look at the shaded strips...  
Which is greater:  
 $\frac{1}{2}$  or  $\frac{1}{3}$ ?

We can write  $\frac{1}{2} > \frac{1}{3}$

Use a fraction wall to compare pairs of fractions.

Which is bigger,  $\frac{2}{3}$  or  $\frac{2}{6}$ ?  
Colour both in on the wall  
and it is clear to see...

We can write  $\frac{2}{3} > \frac{2}{6}$

Which is bigger:  
 $\frac{3}{5}$  or  $\frac{3}{4}$ ?

We can write  $\frac{3}{5} < \frac{3}{4}$

# Home Learning – Year 3

## Maths Lesson 1

Use the fraction wall to help you complete the number sentences before.

Write either < or > between the fractions to complete the number sentences.

1.  $\frac{1}{3}$      $\frac{1}{2}$
2.  $\frac{1}{3}$      $\frac{1}{4}$
3.  $\frac{1}{2}$      $\frac{2}{3}$
4.  $\frac{3}{4}$      $\frac{2}{3}$

5.  $\frac{1}{5}$      $\frac{1}{8}$
6.  $\frac{1}{7}$      $\frac{1}{6}$
7.  $\frac{4}{5}$      $\frac{7}{8}$
8.  $\frac{2}{5}$      $\frac{2}{7}$
