

Year 2 – Maths – Lesson 1

LO: To identify the number 1 and 10 more and 1 and 10 less than a given number

Task 1: Can you work out how many stickers Ali has?

Ben has 18 stickers

Kim has one more than Ben
 $18 + 1 = 19$ so Kim has 19 stickers.

Tom has one more than Kim
 $19 + 1 = 20$ so Tom has 20 stickers.

Ali has one more than Tom
 $20 + 1 = 21$ so Ali has 21 stickers.

How many stickers does Ali have?

Task 2:

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

1. Find 36 on the hundreds square.

What is 1 more?

What is 1 less?

What is ten more?

What is ten less?

3. Find 40 on the hundreds square.

What is 1 more?

What is 1 less?

What is ten more?

What is ten less?

5. Find 27 on the hundreds square.

What is 1 more?

What is 1 less?

What is ten more?

What is ten less?

2. Find 15 on the hundreds square.

What is 1 more?

What is 1 less?

What is ten more?

What is ten less?

4. Find 82 on the hundreds square.

What is 1 more?
