

For this game you can have pictures of objects or actual objects.
Have a selection of objects that rhyme e.g.

- Fox and box
- Frog and dog
- Car and star
- Stick and brick
- Mouse and house
- Cat and hat

There are lots more!

Mix the objects up and see if your child can match the rhyming objects together. Start with mixing up three objects at a time first (two that rhyme and one that does not), adding more objects as your child becomes more familiar with rhyming words.
