

THE BLESSED SACRAMENT CATHOLIC PRIMARY SCHOOL

PARENT / CARER ACCEPTABLE USE AGREEMENT

EYFS / KEY STAGE ONE

'Feeding Hearts and Minds'

The peace, joy and love of Christ is at the heart of all that we do in our school. Through religious education, school policy and, primarily, our culture of prayerfulness, charity and joy, we seek to share the Gospel with our families, our parish, our community and the wider world.

Using the example of Jesus Christ, we cultivate the skills of heart and mind that allow us to develop our talents and take a shared responsibility for ourselves, each other and the world He gave us. We profess our faith proudly and recognise that we are called to a loving relationship with God through the sacraments, scripture and prayer.

Our school is animated by love and our shared faith and clear values drive our behaviour and our relationships; we are tolerant and respectful of the unique value of each person. Our individual needs and talents are recognised and nurtured in a warm, inclusive environment where we are able to use our gifts for the glory of God and in loving service of others.

We have excellent role models who empower us to believe in ourselves and provide us with an outstanding education and a wide range of opportunities – our aspirations for the future are high and we believe that through God's grace we can grow, learn and realise our full potential.

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies provide powerful tools, which open up new opportunities for everyone. They can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This acceptable use policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school/academy systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that parents and carers are aware of the importance of online safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The school will try to ensure that pupils will have good access to digital technologies to enhance their learning and will, in return, expect the pupils to agree to be responsible users. A copy of the *student/pupil* acceptable use agreement is available on the website, so that parents/carers will be aware of the school expectations of the young people in their care.

Parents are requested to sign the permission form below to show their support of the school in this important aspect of the school's work.

PERMISSION FORM

Parent/Carers Name: Student/Pupil Name:

As the parent/carer of the above pupil, I give permission for my son/daughter to have access to the internet and to ICT systems at school.

I understand that the school has discussed the acceptable use agreement with my son/daughter and that they have received, or will receive, online safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.

I understand that the school will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and systems. I also understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.

I understand that my son's/daughter's activity on the systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the acceptable use agreement.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child's online safety.

This form will be kept with your child's records until they leave The Blessed Sacrament at which point it will be destroyed in line with our retention policy.

USE OF DIGITAL/VIDEO IMAGES

The use of digital/video images plays an important part in learning activities. Pupils and members of staff may use digital cameras to record evidence of activities in lessons and out of school. These images may then be used in presentations in subsequent lessons.

Images may also be used to celebrate success through their publication in newsletters, on the school website and occasionally in the public media. Where an image is publicly shared by any means, only your child's first name will be used.

The school will comply with the Data Protection Act and request parent's/carers permission before taking images of members of the school. We will also ensure that when images are published that the young people cannot be identified by the use of their names.

In accordance with guidance from the Information Commissioner's Office, parents/carers are welcome to take videos and digital images of their children at school events for their own personal use (as such use is not covered by the Data Protection Act). To respect everyone's privacy and in some cases protection, these images should not be published/made publicly available on social networking sites, nor should carers comment on any activities involving other pupils in the digital/video images.

Parents/carers are requested to sign the permission form below to allow the school to take and use images of their children and for the parents/carers to agree.

This form will be kept with your child's records until they leave The Blessed Sacrament at which point it will be destroyed in line with our retention policy. The images that are taken will be kept on the school network and not on remote devices. Images will be stored until your child leaves the school. To request the deletion of images, please contact the school office.

USE OF CLOUD SYSTEMS PERMISSION FORMS

The school uses Office 365 for pupils and staff. This permission form describes the tools and pupil/student responsibilities for using these services.

The following services are available to each pupil as part of the school’s online presence in Office 365:

- Word
- Excel
- Teams
- Forms
- Class Notebook
- Onedrive

Using Office 365 will enable your child to collaboratively create, edit and share files and websites for school related projects and communicate via email with other pupils and members of staff. These services are entirely online and available 24/7 from any internet-connected computer.

The school believes that use of the tools significantly adds to your child’s educational experience.
