

Teaching & Learning Policy

Train up a child in the way he should go;
even when he is old he will not depart
from it.

Proverbs 22:6

'Feeding Hearts and Minds'

The peace, joy and love of Christ is at the heart of all that we do in our school. Through religious education, school policy and, primarily, our culture of prayerfulness, charity and joy, we seek to share the Gospel with our families, our parish, our community and the wider world.

Using the example of Jesus Christ, we cultivate the skills of heart and mind that allow us to develop our talents and take a shared responsibility for ourselves, each other and the world He gave us. We profess our faith proudly and recognise that we are called to a loving relationship with God through the sacraments, scripture and prayer.

Our school is animated by love and our shared faith and clear values drive our behaviour and our relationships; we are tolerant and respectful of the unique value of each person. Our individual needs and talents are recognised and nurtured in a warm, inclusive environment where we are able to use our gifts for the glory of God and in loving service of others.

We have excellent role models who empower us to believe in ourselves and provide us with an outstanding education and a wide range of opportunities – our aspirations for the future are high and we believe that through God's grace we can grow, learn and realise our full potential.

At The Blessed Sacrament Catholic Primary School, we believe that learning should be a lifelong process and a rewarding and enjoyable experience for everyone. We strive to live our school mission statement through all actions, thoughts and words by placing Christ at the foundation of the entire learning process. We recognise that each person is unique and to be valued and respected; through our teaching we focus on inspiring the children to learn, equipping them with the skills, knowledge and understanding necessary to be autonomous learners who reach their full potential. We believe that appropriate teaching and learning experiences contribute to children becoming successful learners, who lead rewarding lives as responsible citizens. We believe that the key to successful learning is effective teaching, differentiated to need and learning style, we expect teachers to apply their understanding of how children learn to a variety of motivating learning opportunities.

PRINCIPLES

- To develop a community of learners where learning is valued, enjoyed, supportive and lifelong
- To enable children to become confident, resourceful, enquiring and independent learners.
- Develop children's self-respect and encourage children to respect the ideas, attitudes, values and feelings of others regardless of race and culture
- To encourage children to take pride in their work and the work of others

LEARNING CULTURE

To enable children to learn well, the school will work to develop a culture where children:

- Enjoy learning
- Feel safe – respect, value and support for each other as learners
- Take risks
- Recognise mistakes and errors as a learning opportunity and persevere
- High expectations – learning behaviour, progress in learning, presentation etc
- 'Can do' attitude

And where adults:

- establish positive working relationships with all children in the class and mutual respect is evident
- model learning and expected behaviour for the children.
- treat all children fairly and with kindness and respect with encouragement, praise and rewards for all
- provide a structured, stimulating environment which builds on strengths and supports need

This learning culture needs to be actively taught and quickly established (in September), then further developed and reinforced, throughout the year, involving the children at every stage.

EFFECTIVE LEARNING

People learn in different ways. Learning opportunities should incorporate a range of strategies in order to engage children in learning and meet the needs of all learners. These could include:

- investigation and problem solving
- research
- whole-class work
- group work (in groups selected for different reasons)
- paired work
- independent work, which is child directed
- collaborative work
- selecting and using relevant resources to support learning
- asking and answering questions
- use of IT including visual images, film, interactive teaching resources etc
- fieldwork and visits to places of educational interest
- guest visitors and performances
- creative activities
- debates, discussions, oral presentations and other speaking and listening strategies
- drama techniques
- designing and making things
- participation in athletic or physical activity
- Setting challenges for themselves

Children should be taught to take responsibility for their own learning; to review the way they learn and how they learn and how to overcome challenges in their learning.

EFFECTIVE TEACHING

Assessment for learning will be evident in planning and lessons to ensure lessons are well paced and all pupils make progress in learning. Prior assessment of the pupils' understanding should be used to inform the planning of lessons with a clear progression in skills.

Learning Objectives

- Clear and focused based on learning rather than task
- Displayed
- Discussed and explained to the children
- Based on prior attainment, knowledge and understanding
- Written in the format: to... (learning objectives do not necessarily have to be written in books – see individual subject policy for further guidance)

Success Criteria

- Break down the learning take place
- Include the steps or 'ingredients' the children need to be successful in their learning
- Are identified by the teacher during the planning process
- Are usually generated with the children during the lesson
- Are written up and referred to during the lesson

Plenary

- Planned times during, and at the end of, the lesson
- Reviews progress towards learning objective and success criteria
- Allows adults, and children, to address misconceptions, make improvements and add further challenge
- Learning may be applied to different contexts
- Time to reflect on the 'how' of learning in addition to 'what' has been learnt
- There does not have to be a plenary at the end of each lesson if it disrupts the learning of the children
- Should be used during lessons only when the progress of the class, group or individuals will be furthered

Outcome

- What will be achieved by the children by the end of the lesson
- The learning activity/evidence of learning
- Sufficient time given to enable children to achieve meaningful learning
- Matched to the children's next steps in their learning

Challenge for All

- Takes place throughout the lesson
- Is matched to children's levels and next steps learning
- When planning work for children with Special Educational Needs information and targets contained in the children's provision maps are addressed
- May occur through adult support; range and level of resources; time; task; different outcomes

Adult Input

- Engages children in the learning
- Is active and interactive
- Has appropriate pace to ensure maximum learning takes place
- Responds to, and is adapted to, ongoing assessment during the lesson
- Clearly models successful learning/the learning activity
- Generates success criteria
- Is flexible according to the learning taking place eg.
 - Different inputs for different groups
 - Different start times for different groups
 - Input – activity – input – activity
 - Guided groups etc

Questioning

- Questions will be asked to assess learning, challenge and deepen thinking and understanding
- The range will include open/closed; higher and lower order (eg. Bloom's Taxonomy)
- Will be matched to the children's understanding and ability
- Opportunities will be planned for children to develop their own questions and questioning

Feedback & Marking

- Regular feedback will be given to the children
- Identifies success and areas for improvement/next steps learning
- Refers to learning objectives, success criteria, children's individual targets and level related spelling, punctuation and grammar
- Opportunities are planned for children to regularly respond to feedback and marking

Self & Peer Assessment

- Children are trained to self and peer assess
- Guidelines are discussed, agreed and developed with the children
- Is used regularly to enable children to address misconceptions and make improvements to their work

Targets

- Children are involved in setting and reviewing their targets
- Easily accessible and referred to regularly

- Are related to children's levels of attainment and next steps learning
- Are set for RE, writing, reading and maths

Active Learning

- Children are given opportunities to be involved in the learning throughout the lesson
- A range of strategies are used
- There is an appropriate balance of adult/pupil talk

Opportunities are planned to enable children to develop and apply their skills, knowledge and understanding across the curriculum.

Learning Environment

- A stimulating environment sets the climate for learning,
- an exciting, well-organised classroom promotes independent use of resources and supports high quality learning
- Teachers and children work together to establish an attractive welcoming and well organised environment engendering respect care and value for all resources.
- Classrooms should be bright and tidy, and should be word and number rich.
- Displays might be used to:
 - Celebrate success - achievement, Star/Learner of the Day/Week
 - Support class organisation – visual timetables, clearly labelled resources
 - Promote Independence by providing prompts – questions, support for when children are stuck
 - Support learning – working walls, presentation examples, interactive & challenging
 - Displays are changed regularly and reflect the current topic/themes/ learning

Teaching Assistants

Teaching Assistants and other adult helpers are deployed throughout school to support learning as effectively as possible. They are involved in:

- Supporting learning and children's progress
- supporting assessments of children's understanding
- developing children's independence

Volunteer helpers, mainly parents, are directed by teachers to assist in some classrooms with general tasks: listening to readers, assisting on outings and in providing other help, such as ICT expertise.

THE ROLE OF SUBJECT LEADERS

- Monitor progress and attainment in subject areas and action plan to address areas of need
- Support colleagues to develop practice and subject knowledge to maximise progress
- take the lead in policy development
- Have responsibility for purchase and organisation of resources
- Keep up to date with developments in their particular subject area are responsible for sharing this with colleagues

ROLE OF PARENTS

Parents have a fundamental role to play in helping children to learn. They are informed about what and how their children are learning by:

- holding regular consultation evenings in which the progress made by each child, and his/her next steps learning, are explained and discussed
- sending an annual report to parents explaining the progress made by their child and indicating areas for improvement;
- explaining to parents how they can support their children with homework;
- holding parent workshops to explain the work covered and the strategies and methods taught to the children.
- sending information to parents at the start of each term in which we outline the learning areas and topics that the children will be covering that term;
- keeping parents informed of a pupil's progress on a more regular basis if appropriate.

ROLE OF GOVERNORS

Governors support, monitor and review the school policies on teaching and learning. In particular, they:

- support the use of appropriate teaching strategies by allocating resources effectively;
- ensure that the school buildings and premises are best used to support successful teaching and learning;
- monitor teaching strategies in the light of health and safety regulations;
- monitor how effective teaching and learning strategies are in terms of raising pupil attainment;
- ensure that staff development and performance management policies promote good quality teaching;
- monitor the effectiveness of the school's teaching and learning policies through the school's self-evaluation processes. These may include reports from subject leaders and the termly Headteacher's report to governors, as well as a review of the in-service training sessions attended by our staff.

MONITORING & EVALUATION

Staff will be observed regularly for monitoring and professional development purposes. Judgements will be made on the quality of teaching in the lesson, whilst also taking into account pupils' work, assessment information and behaviour over time. A teaching observation form (Sept 2015) will be used to assist observers in judging the quality of the lesson.

Staff will complete a self-evaluation of their lesson observation to be used as a basis for discussion in the feedback session with senior leaders and/or observers. Staff are encouraged to identify their own areas of strengths and areas for development following an observation as this will develop ownership of their own professional development. These strengths and areas for development will be discussed with senior leaders and opportunities to address these put in place. Following a professional discussion the lesson observation will be written up on a 'Quality of teaching Feedback Form'.

Each staff member has a professional development file – records of lesson observations and the outcome of subsequent professional development opportunities will be recorded in this file.

Other monitoring to include within the triangulation of teaching and learning may include;

- Learning walks
- Senior leaders or subject leaders conducting brief observations for shorter sessions – for example, a guided reading session
- Data analysis
- Book/planning scrutiny
- Assessing the quality of the classroom environment
- Professional conduct
- Marking and feedback
- Pupil conversations

REVIEW

This policy will be reviewed annually.

Teaching and Learning Policy
September 2018

The implementation of this policy will be monitored by Miss Kelly Hannah in consultation with the Leadership Team.

This policy will be reviewed as appropriate by The Senior Leadership Team

Intended Policy Review Date – September 2019

Approved by _____ (Headteacher)

Date: _____

Approved by _____ (Governor)

Date: _____
