## How Wonderful Am I? Human Body & Senses

God created us all to be unique and special. He gave us fabulous bodies that can do amazing things and we appreciate the ways that we are similar and different to each other. We learn a bit more about our bodies and what we can do and consider how we can share our gifts with each other. As well as a physical life, we have a spiritual life and our spirituality gets stronger through prayer and listening to events from Jesus' life, death and resurrection.
