Y1 Science – Everyday Materials

| Types of Materials | Vocabulary | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|------------------------------------------------------------------------|
| Water Wood Plastic Paper | Object | Material thing that can be seen and touched. |
| | Materials | Matter from which a thing is or can be made from. |
| | Volume | The amount of space that an object occupies or takes up. |
| | Properties | Features that can be measured like colour, volume, length or hardness. |
| Brick Glass Stone Metal | Measure | Find out the size or amount of an object. |
| | Group | Put objects together with similar properties such as hardness |
| | Results | Information found out by doing a scientific experiment. |
| Kigid - Cannot be be forced out of shape Brick Hard - cannot be easily broken Paper Image: Cannot be doesn't bounce of it. Not bright looking Fabric Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bright looking Image: Cannot be doesn't bounce of it. Not bounce of it. Not bright looking Image: | Mirror Binght Pellery Foil | off it |
