

MOSAICS

Collage

Collage comes from the French word 'coller' which means to stick together. A collage may sometimes include magazine and newspaper clipping, ribbons, paint, bits of coloured paper, photographs and other objects.

Collage Techniques

- Cut out shapes from painted pieces of paper or textured paper and photographs.
- Include 'junk papers' in backgrounds.
- Stamps on a mixed media background.

Greek Mosaics

Greek mosaics are an example of collage. They were made using small pieces of coloured stone, glass or ceramic. They were often used as floor and wall decorations.
