<u>RE</u>	Module 1 and 2	Module 3 and 4	Module 5 and 6
Topic Theme and Intent	These two branches explore the Catholic understanding of creation, human dignity, and salvation history. In the first branch, students will deepen their knowledge of the Genesis creation accounts, learning how they reveal the nature of God and the unique worth of human life created imago Dei - in the image of God. This understanding forms the foundation for Catholic teaching on the sanctity of life and human vocation. The second branch examines how God's promise of salvation unfolds through Scripture, beginning with the story of the Fall and culminating in Mary's role as the Mother of Jesus. Students will consider the significance of key women in the Old Testament as types of Mary, and how their faith foreshadows the coming of Christ. Through these branches, students will gain insight into Catholic beliefs about dignity, freedom, and the call to live out these truths in relationships and moral decision-making.	These two branches focus on the call to discipleship and the meaning of sacrifice within Catholic belief. Building on earlier learning about creation and salvation, the third branch explores how Jesus called men and women to follow him during his earthly ministry, as shown in Mark's Gospel. Students will consider what it means to be a disciple, the challenges this brings, and how Catholics today live out their vocation in different ways. The fourth branch examines the centrality of Jesus' sacrifice and its roots in Jewish worship, leading to the Christian understanding of redemption and the New Covenant. Students will learn that Christ's death is seen as the perfect and final sacrifice, reconciling humanity with God and shaping Catholic worship and moral life.	In these final branches of Year 9, students will explore the nature and mission of the Church as the community at the heart of Catholic life. The fifth branch focuses on the Church as a communion of believers, united in faith and called to live in relationship with God and one another. Students will learn about the Church's structure, its members, and its role in sustaining Christian life through worship and the sacraments. The sixth branch examines how the Church responds to the challenges of the modern world, beginning with the Second Vatican Council and its call for dialogue and collaboration. Students will consider Catholic teaching on the common good and how organisations such as CAFOD and CSAN put this into action globally and locally. Through these branches, students will understand the Church as both a spiritual family and a living mission, working for justice, peace, and unity in the world.
Knowledge	 Students will understand what the Genesis creation stories reveal about God, human life, and the meaning of being created imago Dei, including Catholic teaching on the sanctity and dignity of life. They will learn how Catholic beliefs about freedom, morality, and vocation shape relationships, marriage, and ethical decisions, including issues such as IVF and end-of-life care. Students will explore how prophecy and promise unfold in Scripture, focusing on key women of the Old Testament, Marian dogmas and titles, and the significance of Mary as the model of faith and hope for salvation. 	 Students will learn what Mark's Gospel teaches about discipleship, including its challenges, costs, and rewards, and how both men and women responded to Jesus' call. They will understand Catholic teaching on vocation, exploring different ways of living out discipleship today, including marriage, religious life, and the Sacrament of Holy Orders. Students will examine the significance of sacrifice in Catholic belief, tracing its roots in Jewish worship and learning how Jesus' death is understood as the perfect sacrifice that brings redemption and the New Covenant. 	 Students will understand the nature and purpose of the Church, including its structure, leadership, and the belief in the communion of saints that unites the Church on earth, in heaven, and in purgatory. They will learn how Catholics express devotion to saints and angels through liturgy, prayer, and cultural practices, and explore the significance of these traditions for Catholic identity. Students will examine Catholic teaching on dialogue and the common good, considering how organisations such as CSAN, SVP, and CAFOD work to promote respect, peace, and justice in the modern world.
