

KS4 Top Tips	
Tip 1	Learn & revise vocab regularly, approximately 40 words a week (use your booklets).
Tip 2	Memorise high frequency words & structures – practise little & often (use your resources). Use recommended websites.
Tip 3	Create flashcards of phrases that can be used across themes & topics. Practise the chunks weekly so the knowledge sticks!
Tip 4	Understand the importance of languages as a skill for life and how learning a language can positively impact your career prospects. Use the language – watch subtitled films, listen to songs. You could even change your phone settings!
Tip 5	The more you practise, the more you know, the more you remember, the more you can do!

Memorise → Revise → Practise → Master

Review of learning

- Revision of topics
- Exam skills
- Final exam preparation
