Spring Term

ISSUE#3

March 2023

KVI had the opportunity to attend a campus visit at the University of Birmingham. The visit was very insightful as the purpose of the campus trip was to educate, direct, or inspire the students. This is a terrific way to remove illusions about universities and provide them with practical experience. They provided a talk on a varieties of topics regarding higher education including:

- Choosing a course
- The benefits of going to university
- Student finance
- Writing a personal statement

They also provided us with information about different outreach programs that the university can run for year 12/13.

University of Birmingham also came in to school to deliver an aspirations workshop. The goal of the workshop is to give Year 12 and Year 13 students who must make important decisions about their future the information and guidance they need at the correct time. The variety of talks described below have been created to deliver this knowledge in an extremely professional, unbiased, and participatory manner.

- The benefits of going to university
- Choosing courses and universities
- UCAS procedures
- HE finances and tips for budgeting
- Making the most of university open days
- Student life

UNIVERSITY OF
BIRMINGHAM

The University of Birmingham Outreach Team came in to speak to our sixth form students on Student Finance advise. Students were given key information regarding tuition fees, maintenance loans, bursaries, scholarships and loan repayments.

Students were also given tips and advise on how to manage and save their money as a university student.

Winter Term

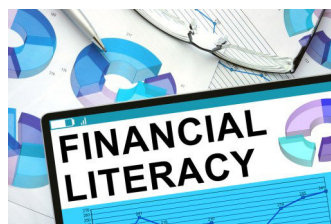

ISSUE#2

December 2022

The year 12 geography trip has been ongoing for the past two years and is hosted by the company FSC Rhyd-y-creuau. It's a four-day tour during which we gather a variety of facts to assist you in your geography NEA. It's a good chance to develop qualities like leadership, independence, and problem-solving. We visited Criccieth, Llandudno, and a forest close to the college, a total of three separate places. Here, we encountered many difficulties and increased our understanding of the subject.

The Khalsa Academy Wolverhampton held their Whole School Annual Careers Fair on Wednesday 15th February 2023. The Careers Fair was a great opportunity for our sixth form students to meet representatives from a variety of recruiting organisations, learn about vacancies and opportunities available, and also learn about employability skills they will need.

Khalsa Sixth also had their own stand at the Careers Fair for younger year groups to learn about our Sixth Form, the A level and Vocational subjects we offer and opportunities available to our students.

Upcoming Events

- Manchester City Stadium: Business workshop and tour
- South Wales University campus visit
- De Montfort University campus visit
- Aston University campus visit
- Year 12 Emergency First Aid
- Year 13 Financial Literacy workshops

Work Pays worked with our Year 13 students over the duration of 4 weeks to deliver the 'Employability Skills Workshop'. The aim of the workshop is to help prepare our students for the challenges they may face in higher education, work and apprenticeships and to also equip them with the financial knowledge they will need for the future.
