

# The Kingsway School Broadway Key Messages

# Welcome Address

Good morning, everyone, and welcome to week three! It's been brilliant to see how well our Year 7 students are settling in. You've quickly found your way around, built new friendships, and shown that you can embody our core values of opportunity, achievement, respect and compassion.

The overall mood around our Broadway campus has been positive. Lessons have been focused, purposeful, and productive; it's clear that you are all striving to do your best. That effort is really paying off because last week, 99% of all points awarded were positive, which is an incredible achievement. The most common recognition was for good attitude – a powerful reminder that the way you approach your learning really does make the biggest difference.

I also want to mention the fierce but friendly competition happening between our campuses to keep lesson changeovers swift and efficient. Remember, we're aiming for lesson changeover to take no longer than five minutes – every minute counts for learning, and you've been rising to that challenge brilliantly. Please keep this up this week.

This week also gives us a chance to think about something important beyond the classroom: World First Aid Day. It's a day that promotes the teaching and importance of first aid skills – skills that can truly save lives. We are proud to be supporting this, and our Year 8 students will be taking part in first aid lessons in PPE this year. Thank you all for your positivity, your focus, and your determination to make every week better than the last.

Have a great week. Mr Sadler

# Something to think about this week...

14TH SEPTEMBER

## WORLD FIRST AID DAY!

Let's empower ourselves with the knowledge to **save lives**  
and be the **help someone** needs in an emergency!

### Key aspects of World First Aid Day:

#### **Purpose:**

To increase public knowledge of basic first aid, empower individuals with the confidence to act in emergencies, and highlight that first aid can be a crucial factor in saving lives.

#### **Origin:**

Launched by the Red Cross and Red Crescent Societies in 2000, the day has grown into a global event.

#### **Focus:**

It emphasizes the role of first aid in everyday situations and in times of crisis.

# Cornerstone Curriculum: Respecting others

In our Cornerstone curriculum we have been learning about “Virtue Ethics” which philosophers such as Aristotle attributed to the development of a person’s character.

It is no surprise that we have built a “House” system central to core philosophical thinking. In your Cornerstone session this week you will be asked to consider how you can respect others in our TKS community.

# Respect: It starts with you

What is the 'hula-hoop of space' and why do we teach you about this at TKS?

At TKS, you will often hear your teachers talk about your 'learning journey' and the key bits of 'essential knowledge' you will learn as you move through school.

When the moment comes for your teacher to stop more formally check what you have learned, we call these '**Assessment Milestones**'. They help you and your teacher to know that your learning is progressing in the right direction.

**Moving forward, you will be reminded when these are coming up in these messages.**
