

The Kingsway School Broadway Key Messages

Welcome Address

Good morning everyone. Our staff are very proud of the culture on both our Broadway and Foxland campuses and often comment on the high standards you are showing every single day. On Broadway, 99% of all points awarded so far have been positive – an amazing achievement and something you should all feel proud of. In addition to this, you have all risen to the challenge of making lesson changeovers purposeful and quick - please keep this up this week.

Compassion and respect are central to everything we do at TKS. We are now also working towards becoming a 'Rights Respecting School', which means putting children's rights at the heart of our ethos and ensuring that every member of our community is valued, listened to and respected. This week, Ms Hulance also spoke about how we keep ourselves safe in school. Safeguarding is not just about the classroom – it applies to all aspects of life, from how we play fairly on the football field at break, to how we conduct ourselves online.

I also want to note that this week's key messages contain details of a number of our enrichment activities that are now up and running along with the full timetable, which is now available on the school website.

Finally, this week is International Day of Peace. It is a reminder that we want our campus to be a happy, safe and peaceful community at all times – a place where everyone feels welcome, supported and able to thrive.

Thank you for continuing to contribute to such a positive and respectful environment. Have a great week.

Mr Sadler

REMINDER

Your invitation to our

OPEN EVENING

Thursday 25th September 2025, 5:00-7:30pm
Broadway Campus, High Grove Rd,
Cheadle, SK8 1NP

SAVE THE DATE:

On 25th September, school will close at the end of Period 3, which is 12.20pm.

This is so that staff can prepare for our 'Open Evening'.

Student Volunteers

When you volunteer to represent The Kingsway School at events such as Open Evenings or community activities, you are acting as an **ambassador for our whole school community**. The way you present yourself - your uniform, your behaviour, and the way you speak to visitors - leaves a lasting impression.

It is both a **responsibility and a privilege** to take on this role. By giving your time, you are showing pride in our school and helping to share the values of **Opportunity, Achievement, Respect, and Compassion** with others. Representing Kingsway is an honour, and we are proud of every student who steps forward to do so.

For all volunteers, we have the following expectations:

- Arrive on time and sign in at the designated area.
- Wear the full school uniform and wear it correctly.
- Mobile phones should not be seen or heard.
- Be polite, welcoming, and approachable to visitors.
- Speak positively about the school and your experiences.
- Support staff with guiding visitors around the building.
- Be proactive and offer to help rather than waiting to be asked.
- Demonstrate the school values: Opportunity, Achievement, Respect, Compassion.

Something to think about this week...

Purpose: To promote peace, end conflict, and foster global cooperation by strengthening the ideals of peace within and among all nations and peoples.

Call for Action: The UN invites all nations and people to observe a period of non-violence and cease-fire.

Causes of Conflict: It draws attention to root causes of conflict such as poverty, inequality, discrimination, injustice, and climate change.

Big Wins

Are you acting in a safe way?

Thank you for always stopping at the traffic lights on Broadway before you cross the road. A reminder that a staff member will always be present there and advise you when it is safe to cross.

You must never cross Broadway (road) at any other point as cars are often not clearly able to see pedestrians due to the volume of traffic on after school pick up.

Please remind your families that they must park safely and only where allowed as the road is extremely busy at 3pm.

Thank you for sensibly and safely leaving our campus.

Opportunity - Enrichment Timetable

We are delighted to announce that our full enrichment offer will be available to view on our website from today.

'Essential Knowledge Sheets'

In every subject area, you will be given an 'essential knowledge sheet' at the start of each unit of work. You'll recognise it as they are all on purple paper.

These sheets are REALLY important as they tell you all the essential knowledge you will ACQUIRE and APPLY in each subject this HT.

As the unit of work develops, you will be asked to reflect on what 'essential knowledge you have learned and what you will have to go back and look at again.

Year 7 – Algebraic thinking... Sequences

What knowledge have I already acquired that I need for this unit?	What new knowledge will I ACQUIRE?	Keywords
<ul style="list-style-type: none"> Generate and describe number sequences 	<ul style="list-style-type: none"> Continue both linear and non-linear sequences Term to term rules for linear sequence Finding missing terms in a linear sequence 	Sequence Term Rule Linear Non-linear Difference Arithmetic Geometric

How will I APPLY my knowledge?

Describe and continue a sequence diagrammatically

Count the number of circles or dots in each image

1 3 5

What will the next number be? Can you draw it?

Sequence in a table and graphically

Position the plus in the sequence

1 2 3

Term in position 1 is 1, term 2 is 2, term 3 is 3

Term: the number or value the number of spaces in each image

Graphically

Because the terms increase by the same addition each time this is linear - an arrow in the graph

Continue Linear Sequences

7, 11, 15, 19...

How do I know this is a linear sequence?

Increases by adding 4 to each term

How many terms do I need to make this conclusion?

At least 4 terms - two terms only show one difference and if the difference is constant, it is a linear sequence.

How do I continue the sequence?

You continue to repeat the same difference through the next positions in the sequence.

Continue non-linear Sequences

1, 2, 4, 8, 16...

How do I know this is a non-linear sequence?

Increases by multiplying the previous term by 2 - this is a geometric sequence because the difference is multiply by 2

How many terms do I need to make this conclusion?

At least 4 terms - two terms only show one difference and if the difference is constant, it is a linear sequence.

How do I continue the sequence?

You continue to repeat the same difference through the next positions in the sequence.

Explicit term-to-term rule

Try to explain this in full sentences not just with mathematical notation

Use key maths language - double, halves, multiply by two, add four to the previous term etc.

To explain a whole sequence, you need to include a term to begin at.

4, 12, 20, 28, 36, 44, 52, 60, 68, 76, 84, 92, 100, 108...

Achievement

At TKS, you will often hear your teachers talk about your 'learning journey' and the key bits of 'essential knowledge' you will learn as you move through school.

When the moment comes for your teacher to stop more formally check what you have learned, we call these '**Assessment Milestones**'. They help you and your teacher to know that your learning is progressing in the right direction.

Moving forward, you will be reminded when these are coming up in these messages.

Respect: UNCRC Article of the week

On Friday, 26th September, it will be **European Day of Languages**. This is an opportunity to think about the importance of knowing about and celebrating different national identities because a key part of our national identity is the language/s we speak.

Discuss: Why is it important to celebrate features of people's identity, such as their ethnicity, language, religion, sexual orientation amongst others? What more could be done in our society, in your school, or by you as an individual to protect and celebrate these aspects of people's identity?

Article 7 – birth registration, name, nationality, care

Every child has the right to be registered at birth, to have a name and nationality, and, as far as possible, to know and be cared for by their parents.

Article 8 – Protection and Preservation of Identity

Every child has the right to an identity. Governments must respect and protect that right, and prevent the child's name, nationality or family relationships from being changed unlawfully.
