The Kingsway School Broadway Key Messages

Welcome Address

Good Morning. January is now officially over and as we begin to move through 2025, there is lots of things happening on our Broadway campus.

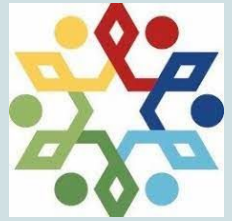

It was great last week to speak with lots of you about different things that are happening. Some of you were talking about the knowledge you needed to get your Cultural Diploma and many year 9s were talking about their options choices. This week, we also have Year 9 parents' evening, which will be our FIRST face-to-face parents' evening on Broadway since before Covid. Your teachers are looking forward to meeting your parents and discussing your academic progress with them. For Year 7 and Year 8, your parents will also get the chance to come into school later this year and do the same thing.

This week is Children's Mental Health Week and Miss Hulance will be delivering assemblies on this. Being a young person in the modern world can be challenging and there are lots of things that can positively and negatively impact our mental health. If you're struggling with anything, there's lots we can do in school to help! Let your form tutor, Head of Year or other trusted adult know if you are worried about anything and we will always do our best to support you and respond with compassion.

Have a great week.

Mr Sadler

Big Wins

Our first rewards event of 2025 has taken place with over 470 KS3 students qualifying and attending our Tenpin Bowling Trip. Every staff member who supported the trips commented on how mature, responsible and supportive you all were. Bullocks Coaches cited you were the best ever students to use their coaches.

Well done to all students who participate in this event. Watch this space for teasers for our end of term two events.

Ready-Respect-Safe

Are you always “Ready to Learn”?

If you are a student who has received a C3 recently (which includes a 15 min SDR) you need to consider the following:

1. What caused this consequence and how can you ensure that you will be successful next lesson?
2. Was the C3 issued because you were off task, not fully engaged in the task set or for something else?
3. Were you able to fully discuss the consequence at your 15 min SDR.

Attendance (the same day an SDR is set) is important as it allows you to discuss the issue with a teacher, reflect on the choices you made, repair the issue so that the next lesson is a fresh start for you and the chance to earn positive points and feel successful in your learning.

If you have any concerns relating to your lessons, please do speak to your subject teacher, form tutor, HOY/PHOY. Do also speak to your parent/carer who can always contact your form tutor for further support. Form tutor emails are in the front of your planner for reference.

Ready-Respect-Safe Attendance

Attending school every day is important and everyone should aim to get 100% attendance.

Library Rules Reminder

It is great to see so many students coming into the library during their breaks - reading, borrowing books and enjoying the activities offered. So that we can keep the space relaxing and positive, here is a reminder of the library rules...

- **Come in quietly with coats off. Students need to sign in.** Please wait patiently if there is a queue.
- **No food or drink, including chewing gum (not allowed in school).** This is to protect the books and furniture from damage.
- **Please respect the library as a quiet reading area.** If you are doing other activities, these should be done quietly.
- **It is the responsibility of the students to tidy books and resources before leaving.** It is not acceptable to rush off without tidying first. There is time to do this after the whistle goes.

Please can students playing football near the library try to stop the football hitting the library wall.

Achievement

At TKS, you will often hear your teachers talk about your 'learning journey' and the key bits of 'essential knowledge' you will learn as you move through school.

When the moment comes for your teacher to stop more formally check what you have learned, we call these '**Assessment Milestones**'. They help you and your teacher to know that your learning is progressing in the right direction.

Moving forward, you will be reminded when these are coming up in these messages.

Academic Progress Assembly: How are you doing?

Respect

Having respect for your own learning is recognised through your approach to learning.

Your latest report judges the respect you have to your own learning via your “**Approach**” score.

Each subject teacher has judged your approach out of 5. If you achieve a score of a 5, it means you demonstrate exemplary behaviour in the classroom, take every opportunity outside of the classroom and stretch and challenge yourself as a learner (especially with your accomplishments in home learning).

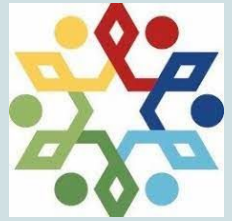

ACTION:

Review your Approach scores when you receive your Report. Analyse the subjects where your Approach score is high. This indicates that you have a high level of respect for that subject/ teacher and are engaged in your learning which means you are likely to progress.

Compassion

It is Children's Mental Health week and your assembly will be on this theme this week.

If you are interested in trying some mini-activities to boost your wellbeing, such as making a 'coping box', 'good mood playlist' or 'practice being present', head to: <https://www.kooth.com/>
