

Daily review is an important component of instruction. It helps strengthen the connections of the material learned. Automatic recall frees working memory for problem solving and creativity.

## Key Stage 4 Daily Review: Monday

Spotlight Knowledge: Key Maths Index Rules that you will need to recall in your GCSE exams.

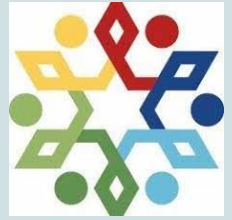

Rule	Example	Rule	Example
What are the rules for multiplying and dividing indices?  *Use the examples as a clue*	$2^5 \times 2^3 = 2^8$	$\left(\frac{a}{b}\right)^m = \frac{a^m}{b^m}$	$\left(\frac{5}{6}\right)^2 = \frac{25}{36}$
	$5^7 \div 5^3 = 5^4$	$a^{-m} = \frac{1}{a^m}$	$9^{-2} = \frac{1}{81}$
$(a^m)^n = a^{m \times n}$	$(10^3)^7 = 10^{21}$	$a^{\frac{x}{y}} = \sqrt[y]{a^x}$	$49^{\frac{1}{2}} = \sqrt{49} = 7$
$a^1 = a$	$17^1 = 17$		
$a^0 = 1$	$34^0 = 1$

# Welcome Address

Already we have reached the end of the first half term of the school year. This Friday we finish for half term at our usual time of 3pm . Students will return to school on Tuesday 29th October.

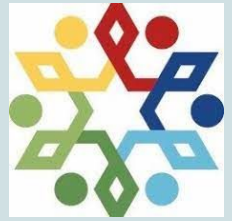

Over 60 000 positive merits have been awarded to students over the past 6 weeks which is fantastic. In assemblies this week we will be showing recognition for the students who are always trying their best and making the most of every opportunity that is available to them.

On Thursday this week, Year 11 Parents/Carers are invited into school to receive updates on how we are supporting year 11 on their GCSE journey. The event starts at 5:30pm and is on the Foxland Campus.

Have a great week

**BUT**

If you are in the building, your coat must be off and carried over your arm.

This is to allow all of our TKS students to be recognisable.

***Should your coat be on when you are in the campus building, it will be confiscated and a negative added to your Classcharts log.***

When the moment comes for your teacher to stop more formally check what you have learned, we call these '**Assessment Milestones**'. They help you and your teacher to know that your learning is progressing in the right direction.
