

The Kingsway School Broadway Key Messages

Welcome Address

This week, our assemblies will continue the theme of our school community being united against discrimination of any kind. The focus of will be linked to 'International Day for the Elimination of Racial Discrimination'.

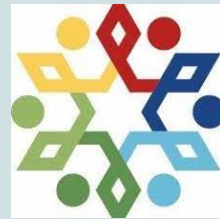

It goes without saying that racism has no place in our school and no place in our society; it is also worth us noting that a person's race is a protected characteristic under UK law. The session in assembly will focus on us being not only 'not racist' but 'anti-racist'. It is important for us to not just be a bystander if we see racism (or any kind of discrimination). Being an 'ally' is the idea that you support, celebrate and stand up for those with a protected characteristic. It means that you actively support difference and stand up against discrimination.

This focus is important to us at Kingsway because we want to have a school where all members of our community are treated equally and feel valued by their peers.

Have a Great Week. Mr Sadler.

Building a Positive Culture

Every week we speak about how we can build a positive culture. You represent the Kingsway School at all times, including before and after school.

One small positive action can have a huge impact.

Please show respect for our local community by not standing on the driveways of our neighbours before and after school.

Wear your uniform the way it is meant to be worn.
Be proud to be a Kingsway Student

Physical Education During Ramadan

OPPORTUNITY
ACHIEVEMENT
RESPECT

Ramadan can entail a big shift in routine for lots of Muslims. The Kingsway School PE department appreciates that during fasting, normal energy resources may become depleted, and the risk of dehydration is increased. During Ramadan, all students will be expected to still take part in Physical Education. The Muslim Council of Britain states that "the majority of pupils who are fasting are able to take part in most physical activities during Ramadan without putting themselves at risk or danger."

All children have an entitlement to access a meaningful PE programme that meets the requirements of the National Curriculum while seeking to respect any religious or cultural sensitivities involved wherever possible. As a result, PE lessons will be adapted so that intensity levels in activities will be lowered to a point where fasting students may continue to participate safely, and will remain responsive to students' needs during Ramadan.

Students who are fasting are encouraged to speak to their PE teacher as soon as possible if they feel that the intensity level in their lesson needs to be reduced.

This policy guidance has been devised with reference to the following two publications: Towards Greater Understanding – Meeting the needs of Muslim pupils in state schools, Information & Guidance for Schools. The Muslim Council of Britain (www.mcb.org.uk) Safe Practice in Physical Education, Sport & Physical Activity. Association for Physical Education (www.afpe.org.uk)

Thank you for your continued support.

Students who are fasting are expected to get changed into their PE kit and join in the PE lesson as normal.

If at any point you feel you need to have a rest then please inform your PE teacher.
