

The Kingsway School Broadway Key Messages

Welcome Address

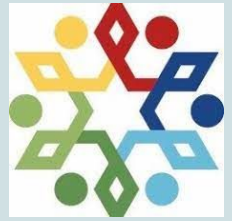

This week, the theme for assemblies is focused on our school environment. How our environment looks and feels is the responsibility of our whole school community. There is nothing that makes me more proud than to walk down the corridor and look into classrooms to see young people who are focused on their learning. Equally, I am most proud of our school when it is tidy.

There are little things that we can all do to ensure that our school is tidy. This can be picking up litter (some of you have already completed 'The Big Pick' this year), tidying the canteen before you leave or even something as simple as tucking your chair under at the end of a lesson. You can earn 'community points' in school by undertaking some of these simple activities that make our school a positive place to be for everyone.

Have a Great Week. Mr Sadler

Building a Positive Culture

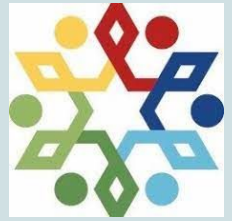

Every week we talk about how we can build a positive culture.

One small positive action can have a huge impact.

The small action to focus on this week that will have a big impact is to tuck your chair under and tidy your desk at the end of each lesson.

One for your parents...

Join The Kingsway Association (PTA)'s next meeting:

Monday 29th April, 6pm, on Broadway.

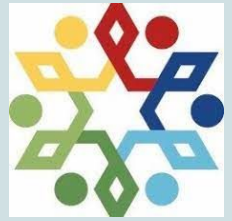

Come & hear how departments have asked to use parent donations and help us to decide which we want to fund.

All parents/carers welcome
- we'd love to see you!

OPPORTUNITY
ACHIEVEMENT
RESPECT

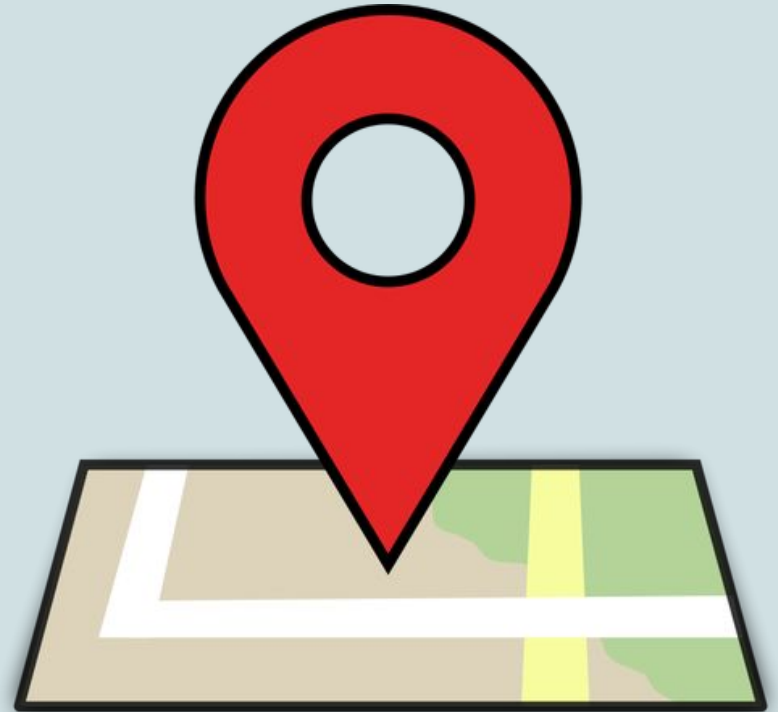

Ready, Respect, Safe Assembly: Keys to Success

To keep you safe, we need to know where you are at all times. For the majority of the time, this should be in your lessons, where you will be registered and can learn the intended curriculum.

Those students who are not in their lesson and this has not been agreed by their teacher may be asked to stay with a member of SLT so we know where they are.

Ready, Respect, Safe Assembly: Keys to Success

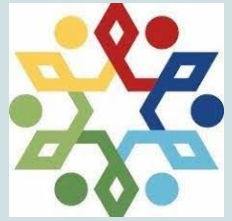

Maximise your learning by being on time to all lessons. 98% of all marks are 'on time'.

A small number of pupils can be late to lessons at times. This means that you miss out on explanations of 'Essential Knowledge' at the start of each lesson. Being on time will help you to be successful!

Key messages: Safe

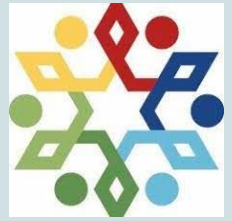

Last week we were informed that some Kingsway students were seen trespassing on railway tracks in Heald Green. Thankfully, no one was injured. However, the British transport police contacted school so that we can address this extremely dangerous behaviour and help keep you safe.

Harrison's story is an upsetting but important reminder of the consequences this can have: [Harrison's story](#)

Assembly - Essential Knowledge

This week's assembly is about looking after the school and learning environment. The key learnings from this assembly are:

- It's not just about keeping our classrooms tidy; it's about taking responsibility for our surroundings and the impact we have on the school community
- Our school can be a beautiful place, where we can all enjoy learning
- Keeping our environment clean isn't just about aesthetics; it's about health, safety, and respect for ourselves and others
- Here are some steps we can all take: using recycling bins, reducing plastic use, eating in the canteen

JLTs have been discussing groups of Houses for sometime and the final nominees are:

Challenge of the Week

Building on from this week's assembly - aim to be the community champion for your year group by achieving the most classcharts points in this category. You could do this by:

- Picking up litter (even if it's not yours)
- Tidying up after yourself in the canteen
- Offering to collect stationery in at the end of the lesson
- Tucking the chairs under/putting chairs on desks at the end of the day
- Identifying areas of the school environment which need tidying/cleaning
- Reporting others who are not looking after the school environment
