

# The Lanes Primary School School Improvement Priorities 2024 2025

## Reading

To improve the teaching of reading, including phonics, across school so that provision is highly effective. Outcomes across school will be well above the national average and children are making exceptional progress from their starting point.

## SEND

To improve the school's systems for identification and categorisation for children with SEND.  
To ensure that children's needs are well supported by knowledgeable staff.  
To ensure that parent/carer communication is effective so they are well informed about the needs and provision of their children.

## Oracy

To develop oracy provision in school so that children are able to communicate fluently, clearly and confidently and that high quality talk is used across the curriculum to enhance learning
