

The Learning Partnership
Transforming Communities Through Education
School Improvement Framework 2026/2027

Section 1: Executive Summary

The Learning Partnership's (TLP) School Improvement Framework outlines the support and challenge we offer to our schools to ensure that they are transforming communities through education and delivering on our five-year plan. We endeavour to operate an efficient and effective trust school improvement model, benefiting the young people we serve as well as developing and supporting our staff. An improvement model which provides clarity through a framework firmly underpinned by contextual understanding of our schools, high expectations and the principles of improvement. TLP's School Improvement Framework ensures our schools maintain their individuality whilst being a part of a wider community within TLP and playing an essential role within the community.

Section 2: Our Vision, Mission and Values

Our vision is to transform education, delivering teaching and learning which fully equips all our young people - particularly those from disadvantaged backgrounds - to be positive, engaged, successful members of society.

Section 3: School Improvement Framework

Our framework outlines our approach ‘The TLP Way’ which enables us to facilitate a one team community through an aligned path to school improvement. The ‘TLP Way’ is a principles-based framework of education. Aligned approaches are **co-constructed** through **consultation** with our schools, to facilitate purposeful **collaboration** to improve the quality of education for all.

Section 4: Strategic Intent at the Heart of our School Improvement Framework

- Provide a central focus to consistently drive and sustain improvements in teaching and learning, ensuring good levels of achievement.
- Develop integrated curriculum across the Trust that avoids duplication and offers a broad and flexible range of subjects for all.
- Provide ongoing, quality professional development for all staff.
- Nurture professional talent and succession plan.
- Achieve recognition as a centre of excellence.

Section 5: Beliefs and Values Underpinning our School Improvement Framework

- We believe each school is unique.
- We have regard for varying degree of support required and engender accurate school self-evaluation within a flexible model.
- We proactively support and challenge.
- We foster strong, respectful relationships and a sense of shared responsibility within a one team community.
- Mutual support facilitates open, meaningful collaboration.
- We ensure pupils are at the centre of all we do.

Section 6: Overview of Roles and Responsibilities

Headteachers are responsible for providing high quality leadership and ensuring excellent educational provision in their school. They are part of the management team of TLP and collectively support and lead activities through our trust community. TLP’s central team support with all aspects of education including School Improvement, Finance, HR and Estates. Local Governors are responsible for carrying out their duties defined in the Scheme of Delegation. The central team support and challenge headteachers and local governors (on behalf of trustees) to ensure our aims are fulfilled. TLP’s executive team have overall responsibility for ensuring that our schools provide the best education for all.

Section 7: School Improvement Offer to Schools

All TLP schools receive universal trust school improvement support which caters to individual school needs and ensures that they are enabled for continued progression. Enhanced support is provided where specific assistance within a thematic area or subject is identified; where risk assessment highlights emerging vulnerability (financial, educational etc) or for schools within the Ofsted window.
