

DPD's 'Green Innovation' competition winners announced!

In 2021 we launched a competition to find the best sustainability idea for DPD, and invited schools in the local area to join in and see what they could come up with.

We had an incredible response with some amazing ideas, and we are delighted to be able to announce the winners...

1st place

**Wolverhampton College
(Matthew Mason's class)
'Wildlife Corridor'**

2nd place

**The Meadows School
'Sustainable DPD uniform'**

3rd place

**Castle School
'Sustainable DPD depot'**

Matthew Mason's class at Wolverhampton College take home first place for their idea of creating wildlife corridors on key routes close to our depots to allow animals to safely cross busy roads. This great idea also means that Wolverhampton College will receive £3000 to spend on their own sustainability projects!

The Meadows School finished in second place with their submission of a completely sustainable DPD uniform, and win £2000.

Third place was taken by Castle School who explored how a DPD depot could become more self-sustainable and their idea sees them receive £1000.

Well done to everyone who got involved, we hope you enjoyed it as much as we did. In fact, we enjoyed it so much that we have decided to give every school who entered £250!
