1

Brushing and
combing my hair.

People use a comb or
brush to help their
hair stay neat and
tidy.

I need to brush my
hair everyday to
keep my hair tidy
and tangle-free.

I should brush or
comb my hair every
morning before I go
to school.

2

Brushing or combing
my hair.

Mum or dad can
brush my hair
Or
I can brush my hair.

I brush it slowly and
gently.

I brush the front of
my hair, then the
back of my hair and
then each side.

When I wash my hair
And my hair is wet
and tangled.

I will dry my hair
with a towel or
hairdryer

And then I can comb
or brush out the
tangles.

When I brush or
comb my hair it looks
nice.

Some times my hair will stay neat and tidy all day.

But sometimes my hair will become tangled and messy and then I need to brush or comb it again

Sometimes it's hard to keep my hair tidy, and I need to comb or brush it many times in a day.

I can check my hair in a mirror to see if I need to comb or brush it.

5

If my hair is messy,
I will gently comb or
brush it.

If I feel a tangle in
my hair I will gently
comb it out or ask an
adult to help.

I shouldn't pull hard
with the comb or
brush.
Pulling hard may hurt
and it could pull out
some hair

I should comb or
brush my hair gently.

Brushing and combing my hair.

I can brush or comb my hair in the bathroom or bedroom or classroom

Sometimes it's not okay to comb or brush my hair in other places, as people do not like it.

I should not comb or brush my hair around food.
