

Biometric Consent - CVICA

INSPIRE
BELIEVE
ACHIEVE

The Oaks Academy uses a Biometric Trust-e Cashless System called CIVICA for students to pay for items in the canteen. We require consent from at least one parent/guardian to collect and store their biometric information. Please be assured that this information remains within the school and that the biometric information taken is an algorithm and not the actual finger print.

If you choose not to have your child registered the school will provide alternative methods of identification such as (4 digit PIN code or Smart Card). The preference of the school is to use biometrics as this is more secure and faster than any other method of identification and we appreciate your co-operation with regards to this matter.

Your consent can either be given through a digital form or by completing the permission slip below and returning to the school office.
