Dear Parent/Carer

Thank you to all our pupils turning up to Elevate Up sessions, this will increase their chances of success. However, it is disappointing to see that many pupils are not turning up to our **English / Maths / Science** bespoke Elevate Up sessions, which are core subjects. There are only 13 school weeks left until exams begin; it is vital your child starts to make the most of the opportunities offered within school. To make life easier and based on feedback from pupils, **we have changed the timetable to one week**, so each Core Subject has a set night each week. This will make it easier for pupils to remember.

Monday Night: Maths / Tuesday Night: Science / Thursday Night: English

Option subjects will let your child know if they are required to attend their sessions listed below. Option/Vocational subjects may not require attendance every week as courses in these subjects can include a range of assessment such as coursework, non-examination units (NEAs), formal exams, speaking and listening exams etc. Therefore, depending on which aspect of the course students are working on, will determine if extra intervention is needed at that time.

The Elevate Up sessions are aimed at helping students to prepare, as early as possible, for the Pre-Public Examinations (PPEs) and the Public Examinations held in the summer. It is therefore of great importance to us that we have your support with this as parents/carers. Non-attendance will be taken extremely seriously: it is crucial that you support us in encouraging your child to attend.

We want your child to succeed to ensure they achieve their best possible GCSE grades this summer. Research has proven that those pupils who revise, complete all homework and turn up to school every day, achieve success.

Yours faithfully,

Mr J Newham

Deputy Headteacher for Progress and Culture

Elevate Up Year 11 Programme 2024-25

INSPIRE BELIEVE ACHIEVE
