

Dear future Year 7 students, parents and carers,

My name is Mrs Woodall, I am head of Science and Science teacher here at The Orme Academy, and I'll be your form tutor when you enter Year 7. I can imagine that many of you are excited to be starting secondary school, but I'm sure that you will be a little nervous too! Don't worry, after a few days it will all seem pretty normal!

As your form teacher I will be here to support you as you make this change to The Orme Academy and help you to overcome any problems you have your first few weeks. As members of my form I expect you to try hard in all your subjects, to show a positive attitude around school as well as to be kind, both to others and yourself. Together I know that we can make your time here successful and enjoyable!

Have a fantastic end to Year 6 and an amazing summer break!

See you soon!

*Mrs Woodall*
