

FOOD SAFETY

Knowledge:
How can I stay safe and hygienic?

Making:
weighing and measuring, using knife skills, using the cooker

Knowledge:
What are the 4Cs?

Knowledge:
What is the Eatwell guide?

Your Journey continues onto year 8 Design and Technology

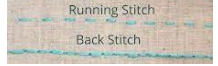

Food and Nutrition:
License to cook

Evaluating:
How good was the product? How could it be improved?

Making: safely using the drilling machine and sanding machine

Making: accurate marking, measuring and cutting of the softwood

Knowledge: what are hardwood and softwoods?

Materials:
Block Bot

Knowledge:
what are the different types of fabric?

Knowledge:
what is a running stitch and back stitch?

Making: Using back stitch/running stitch and applique to create your keyring

Evaluating:
How good was the product? How could it be improved?

Knowledge: what are the two different categories of textile? (natural and synthetics)

Textiles:
Felted Keyring

Evaluating:
How good was the product? How could it be improved?

Making: Using plastics forming equipment to cut, shape and bend the pencil holder

Knowledge: Plastics classification. What are thermosets and thermoplastics?

Knowledge:
Timber classification. What are man-made boards?

Designing: create your pencil place design ideas using 2D drawing techniques

Making: Using hand tools carefully and safely to create, shape and finish your timber component

Materials:
Pencil Place

Introduction to the workshop:
Health and Safety

Baseline Assessment:
What do you already know about DT?

Your Year 7 D&T Journey starts here
