

Your journey continues onto Further Education

Revision

Pre-Public Exams (Paper 2s)

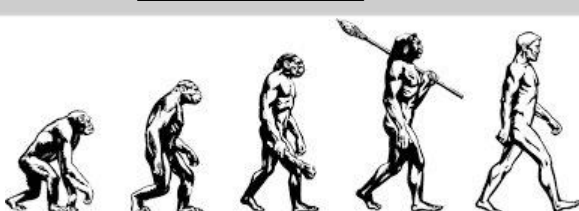

Classification

Theories of evolution

Speciation

Fossils and extinction

Evolution

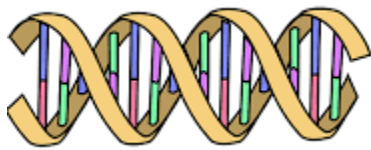

Natural selection

Mutation

DNA and proteins

B5.4 Evolution

Pre-Public Exams (Paper 1s)

Cloning

Using plant hormones

Cloning and stem cells

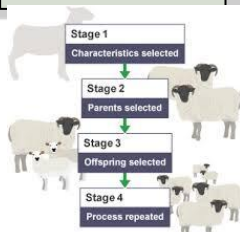

Genetic engineering

Selective breeding

The human genome

B5.3 Controlling Nature

Hormones in human reproduction

(HT) hormonal control of the menstrual cycle

Contraception

(HT) fertility treatment and IVF

B5.2 Controlling Reproduction

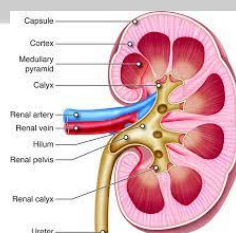

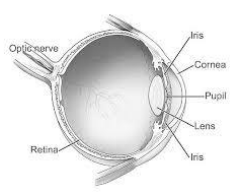

Germinating seedlings (RP)

Plant hormones

Kidney disease

Kidney structure

Control of water

Control of temperature

The eye

Endocrine system

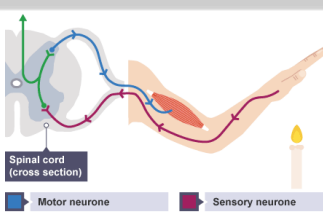

Blood glucose and diabetes

(HT) negative feedback

The brain

Human reaction time

Synapses

Your journey starts here!

Reflex arc

The nervous system

Homeostasis

B5.1 Feedback and Control
