

17<sup>th</sup> June 2022

Dear All,

This week some of the students have been offsite and carried out work experience over three days at Spa Camberwell for the Afternoon Tea event. This was a great success and the students provided a good customer service to the parents at the school and gained valuable work experience. They also developed their independent travel skills.

Some other have attended Autism Voice for the jewellery making and cake baking/decorating sessions which have all now come to an end. It has resulted in some beautiful cakes being made by our students which they have brought home. From the jewellery making, some of the students purchased some items which were on sale last Monday at an event where they sold the items to people who attended. We have purchased some to sell in the café. Please do come to visit the café and purchase some as they would be great gifts.

We have all managed in the heat. Please do continue to remind students to bring in water bottles, sun cream and wear suitable clothing- cool enough in the heat but also suitably covering themselves as protection from the heat and health and safety on work experiences.

Next week we have another event on Thursday and Friday which some of the students will provide the catering for onsite. The following week we have another offsite event at Spa Camberwell providing breakfast for Southwark school Headteachers.

Upcoming dates: Please put the following in your diary:

**Film premiere at The Mari-time museum Greenwich** 5:30-7:30 pm. Please let Elaine know if you are attending.

**Parent/ carer afternoon tea:** Friday 1<sup>st</sup> July 1-2pm

**Summer Fair** including Leaver's & end of Year celebration, Thursday 14<sup>th</sup> July 1-2pm.

Yours sincerely,

Catriona Guyler-Kone

Acting Principal
