Re: The Sydney Russell School A-Level Examination Results – August 2026

Congratulations to our Year 13 students who are celebrating fantastic achievements in their A-Level results!
#srssuccess

With our highest ever percentage of over 65% A*-B grades, this year's results see two thirds of Sydney Russell School students securing a Russell Group or top third university place, or their degree apprenticeship of choice.

Our commitment to unlocking every students' potential is reflected in our broad A Level curriculum offer which ensures students are now ready to pursue higher education study and training in a range of fields, from finance and STEM to the arts, humanities and social sciences.

With over 230 A*-B grades, 88% of students securing an A*-C grade and an overall average grade B, these results are a credit to the students' hard work, resilience and determination, and to the commitment of our staff, whose expertise and ambition for our young people has ensured each student achieves their full potential.

Alongside the celebrations of our students' brilliant academic achievements, we also take this opportunity to shine a light on the role models they have been to students across the school, excelling in their personal development as well as their academic progress.

Charlotte Morton, AAVP Sixth Form, was delighted to celebrate with students as they opened their results this morning: "Congratulations to all our Year 13 students on their A-Level results! Their hard work and determination have truly paid off. Their ambition to achieve, alongside the incredible support of their teachers, has led to today being a celebration - we couldn't be prouder of their achievements. Whether they're heading to university, starting an apprenticeship, or embarking on a new adventure, we wish them every success in the future."

Principal, Clare Cross said: "We are delighted to celebrate your hard work and achievements with you and your families today. You are ambitious, talented young people, and we couldn't be prouder of you. As the chapter of your time of study at The Sydney Russell School now closes, we know that you are going forward as well-rounded, engaged, active members of society who will make a huge impact. Congratulations again on your achievements!"
