There are MANY apprenticeships available for our colleagues; whether you work in the school office, are a teaching assistant, part of the site team, a sports coach or work in a pastoral capacity - the list is endless.

Our Trust is committed to developing a world class workforce. We want to invest in you and your career journey with us and apprenticeships are a great way to professionally enhance our existing and newly recruited talent to a national standard.

Our employees completing apprenticeships are paid as normal by the Trust for the duration of their studies. The programmes are funded by the Apprenticeship Levy, which is a Government funded scheme. The Trust contribute 0.5% of their monthly payroll which equates to £20k plus a month to keep the scheme alive.

You can start an apprenticeship at any age! The courses vary in level from entry Level 2 right up to Level 7, which equates to a Master's Degree. You can choose from online providers and you can study at a pace and time that suits you or, if you prefer, you can attend a local college alongside your day job.
