

Year 3—Working with Shape and Colour

Vocabulary

Key Vocabulary	Definition
Collage	Technique involving arranging pieces of paper, photos or fabric and sticking it down
Layering	Arranging and stacking different materials on top of each other to create depth and dimension.
Composition	Arrangement of visual elements
Simplify	Drawing or painting something using fewer details and simpler shapes.
Masks	A solid paper shape you put over an area of your picture to protect it when painting one area.
Stencils	A tool which helps you control where paint or ink goes, creating a shape or an image.
Screen Print	To force ink onto surface through a prepared screen of fine material to create a picture or pattern.

Key Questions

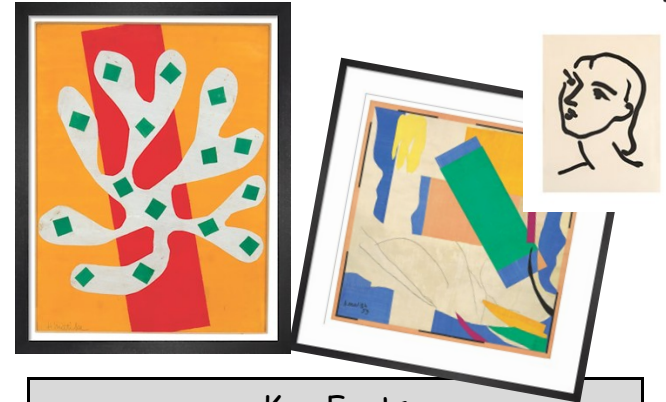

What is collage?

How can I respond to historical artwork?

How does the artist use positive and negative shape in his work?

What methods of display will help me showcase my work?

Key Artist— Henri Matisse

Key Facts

Born: December 31st 1869

Died: November 3rd 1954

Style: Fauvism

Interesting fact: Henri Matisse began his art career by taking morning drawing classes while working as a law clerk and started painting while recovering from appendicitis. He later abandoned law to become a professional artist
