# Top Tips for Secondary School!

## Be enthusiastic!

Teachers don't expect you to get every answer right, but they will be impressed if you try your best and 'have a go' at learning new things.

## Be organised!

Make sure you have the right books and equipment with you for each lesson.

## Be resilient!

Sometimes things won't go your way - they will be difficult or unfair or embarrassing. This is normal and happens to everyone, so don't worry. Just say to yourself, 'tomorrow's another day'...

## Be brave!

It might seem hard to make new friends, but everyone is feeling the same way. Say hello!

## Be honest!

If you do something wrong or forget something, it's much better to own up straight away.

## Be prepared!

Look at your timetable and make sure you know where to go and when.

## Be yourself!

Believe in yourself! You can do it!

## Be kind!

If someone else seems to be having a hard time, try to help. This is a good way to make friends and hopefully they will return the favour.

# Maths

This week, you are to follow the BBC bitesize daily lessons for Maths. Follow the link below and click on the today's lesson.
