Dear Parents and Carers

We are writing this letter because we want to ask you when your child's current water bottle breaks or needs replacing would you consider buying a metal bottle. We are asking you to do this because we are now an Eco school and metal bottles are better for the environment and can be recycled more widely.

Metal water bottles are now similarly priced to plastic water bottles. An added bonus is if a metal bottle is dropped, it will not break.

Thank you for thinking about the environment.

Kind regards

Henry and Harley, Class 3 Eco Warriors.
