

Thriplow C of E Primary School

Newsletter: 13th June 2025

It's been so lovely to see so much sun this week!

The cricket tournament was a wonderful day for our Year 5/6 cricket team on Wednesday. They did exceptionally well – please read Dylan's report further down.

We are really proud of Henry and Emily in Year 1 who have both completed the 20 Books challenge. Well done!

We have enjoyed welcoming Daisy and Henry this week who are on Work Experience from Sawston. They have kept themselves busy supporting the children as well as making a start on making props for the KS2 production.

We had a great PTA meeting on Zoom on Tuesday evening. Thank you to those of you who were able to come. If anyone is interested in getting involved with the planning of an event next summer similar to the Summer Solstice party last summer, please get in contact with Rachel Leech or a member of the PTA Core Committee. You can do this via the school office.

A couple of reminders – firstly, if your child is in Year 2-5 (next year's KS2), then don't forget that they need to sign up by Monday if they wish to attend Young Voices. Also our poetry recital competition is next week. Heats will be in classes from Monday.

Have a wonderful weekend,

Best Wishes,

Lucy How

Happy Birthday to Josh W who has celebrated his birthday this week!

Cricket – Report written by Dylan R

On Wednesday Thriplow cricket team competed in the Dynamos Cricket Schools Competition at Foxton grounds.

In our first match against Foxton we scored an impressive 137 runs against their 21. We played four games in our group and won all four. This meant we reached the final and faced William Westley. It was a very close final but William Westley won, but we should be very proud runners up of our group, since everyone showed outstanding determination from start right until the end.

As captain I'm proud to say that everyone gave their best and that we showed amazing cricket and teamwork. Thank you to Mr. Baron for coaching us and thank you for the extra support from Mrs Maloney.

Congratulations to our cricket stars

Leo B, Guy P, Leo S, Millie-Rose G, Freddie W, Lola WR, Tobias D, Erin P and Dylan B
(and Dylan R – added by Mrs How!)

POETRY RECITAL

Heats for our annual Poetry Recital Competition take place the week beginning 16th June in time for the final at the end of the week. Children from Year 2 upwards are invited to take part.

If your child would like to take part, they will need to select a poem at home to learn from memory. This needs to be an existing poem rather than one they have written themselves.

They will need to practise the poem at home, performing it clearly and with good expression.

There will be one or two children from each year group chosen to perform in the final.

What Parents & Educators Need to Know about

ROBLOX

AGE RESTRICTION
PEGI
7

WHAT ARE THE RISKS?

Roblox is one of the most popular video games among children. In 2020, the game's developers claimed that more than half of the USA's children had played it. As a 'sandbox' title, the game lets players create their own gaming experiences with Roblox Studio to build custom levels, which can then be shared online.

ONLINE PLAY RISKS

Because Roblox connects random players across the world, it can put younger players into an environment with anonymous users who could use the platform for nefarious reasons. For example, some role-play games are used for online dates and mature role play, which could expose youngsters to inappropriate messages in the public chat box.

MATURE CONTENT

Content is difficult to moderate throughout Roblox, due to the number of games available. This is particularly notable on smaller games and experiences, but in summary, some of the games and experiences offered on the platform contain age-inappropriate content that could easily be seen by young players.

IN-GAME SPENDING

The majority of games within Roblox have extensive monetisation options, usually through season passes or microtransactions. Purchases can range in value from a few pennies up to much larger sums of money. While some games offer a lot of content via purchases, others can offer very little for real world money, causing younger players to end up out of pocket.

ANONYMOUS PLAYERS

The anonymity of users can leave players vulnerable to bullying, harassment, and predatory behaviour. Without the right parental controls or monitoring, users can connect with each other via personal messages or friend requests, and it is very difficult to know who's behind a username in this vast online world.

RISK OF ADDICTION

Roblox games can feature rewarding or satisfying mechanics that keep players coming back – or persuade them to stay logged-in for much longer. Like most games, they focus on interactivity, with constant rewards via in-game unlocks and currencies, which can sometimes lead to an addictive need to remain online for long periods of time.

SCAMS

Many of the games on Roblox feature collectible items, pets, or characters. These objects, while digital, are worth a lot of real money on certain online markets. Scammers will attempt to trade with younger users in the hopes of getting rare items that can be sold for real money, manipulating the child into handing them over, usually via misleading information.

Advice for Parents & Educators

MONITOR THE CONTENT

While Roblox does implement plenty of moderation tools and parental controls, it's up to parents and guardians to monitor the types of games a child or impressionable player is experiencing. If a youngster wants to play Roblox, be sure to check out which specific games they want to play within it, and get a good idea of their content.

TAKE ADVANTAGE OF TOOLS

Use the parental controls within the game itself and teach youngsters how to report and block other players. Knowing the powers within their reach will make Roblox a safer, happier experience. You can set age ranges for who's allowed to contact you, close public chat boxes, block spending, and even make your Roblox profile completely private. All these options are helpful in cutting off bad actors from engaging with children.

PLAY TOGETHER

Consider playing Roblox with the children in your care. There are few more effective ways to see how monetisation works, gauge whether the game could lead to addictive behaviours, or even witness how interaction between players works, than sitting down and trying the game for yourself. This should help you figure out whether it's suitable for particular children.

TEACH ONLINE BEHAVIOURS

Have an open conversation about the risks of online play and how to spend money wisely. By being honest and giving tips on how a younger user can protect themselves, you can empower them to not only take care of themselves, but others too. Any user can be reported to Roblox moderators by other players for behaving inappropriately. With this knowledge, younger players can be aware of what to look for and help prevent it.

Meet Our Expert

Dan Lipscombe is a videogame journalist and author of over 20 books on gaming, including books on Minecraft, Fortnite, Roblox, and more. For 15 years he has been writing about his passion for gaming. When he's not playing games, he's talking about them at GAMINGbible.
