

LKS2 Summer Term Creative Homework Challenge.

Your summer creative topic is a cross curricular focus of science and music. With the term's science topic being about sound and the music focussing on singing and jazz we have created some interesting challenges for you to have a go at.

Choose **one** of the following challenges to complete.

- Create your own musical instrument.
- Compose a song using an instrument.
- Write a song.
- Create a fact file about a famous musician, band or group.
- Create a model or draw a diagram of the human ear.
