Dear Parent/Carer

Firstly, I have to say that we are totally blown away by the positive feedback that you have provided. Our approval rating on average, across all questions, is **98% positive**. This overwhelmingly supports the direction the Academy provides.

I'd like to thank you for taking the time to share your thoughts and opinions; we always strive to improve and will use common issues raised by yourselves as requiring development to improve our work further.

The table below is a clear reflection that what we are doing is effective and received positively. Please take the time to read; it is really humbling and appreciated. The percentages within the table are based on **61** parental responses (unless stated otherwise). **1 parent response = 1.6% (rounded to 2% when 1 parent only is recorded)**
