New Recycling Legislation

Dear Parent/Carer

The government has introduced new legislation that all businesses now have to comply with regarding how their waste is collected and sorted. These changes mean that the Academy now has to separate certain types of waste such as food waste, dry recycling (cans, plastic, and paper) and glass.

The Academy already separates paper and cardboard for recycling and we are keen to recycle as much as possible.

To support the new changes we would like to remind parents that any rubbish from children's packed lunches will be coming home with them to be disposed of. This has always been the school policy.

You will also notice stickers on the bins in the playground to tell you what you can put in those bins. Around school we will have some new bins for plastics and cans.

These changes will take effect the week beginning 31st March 2025.

We appreciate your support with this issue.

Yours sincerely

Mr S P Bate
Headteacher
