## New free school in North East Lincolnshire- Community engagement event Thursday 15 June

In March 2023 we found out our bid to the Department for Education (DfE) for a new free school was successful. The new school will support children with Social, Emotional and Mental Health needs (SEMH).

### **Community and Councillor Engagement**

We engaged with a wide variety of people leading up to the bid and we'll continue to do this, so we're going to hold two community engagement in June 2023 to update you on the current position and the next steps. We also want to hear your thoughts, questions and ideas to help make the school as successful as possible.

The first community event will be at Freeman St Market on Thursday 15 June from 9am to 12pm – we'll post more information shortly but this event will include a short presentation with plenty of time for discussion and question, and we may run through this format twice during the morning.

### **'All about Attention' professionals programme of intervention**

The All About Attention programme is a framework with set strategies and resources used to develop children's communication, interaction, engagement, and attentional skills. Using highly motivating, engaging, and fun activities and toys to provide children an 'irresistible invitation to learn'. By making intervention fun, exciting and interesting, increases the likelihood to grasp children's attention and spontaneously joining in developing their attention and communication skills.
