SHEEP EYE DISSECTION – WEDNESDAY 29TH NOVEMBER 2023

Dear Parents/Carers,

Next week, on Wednesday 29th November, as part of our ongoing work in science around our topic 'Light and Sight', the children in Years 5 and 6 are going to enjoy the exciting opportunity of dissecting sheep eyes.

The children will have two options depending on how they feel about the activity:

- 1) They can grab some gloves, an apron and a scalpel and dive in!
- 2) They can watch the dissections happening, but from afar.

This is a fantastic opportunity for the children to experience learning first-hand so we would like as many pupils as possible to participate; however, there will be no expectation for any individual to handle the eye or do anything that makes them feel uncomfortable.

If you have any further questions, please don't hesitate to ask.

Kind regards,

Mr Hallam, Mr Howard, Miss Howden & Miss Riley (Y5/6 Team)
