

Missing Numbers

Fill in the missing numbers, using the diagrams to help you.

Example:

$$\frac{1}{2} \text{ of } \boxed{10} = 5$$

1. $\frac{1}{2}$ of $\boxed{} = 7$

5. $\frac{1}{3}$ of $\boxed{} = 6$

2. $\frac{1}{4}$ of $\boxed{} = 4$

6. $\frac{1}{4}$ of $\boxed{} = 5$

3. $\frac{1}{3}$ of $\boxed{} = 5$

7. $\frac{3}{4}$ of $\boxed{} = 12$

4. $\frac{1}{2}$ of $\boxed{} = 9$

8. $\frac{2}{3}$ of $\boxed{} = 12$

Missing Numbers

Fill in the missing numbers.

Example:

$$\frac{1}{2} \text{ of } \boxed{20} = 10$$

1. $\frac{1}{2}$ of $\boxed{} = 8$

4. $\frac{1}{3}$ of $\boxed{} = 4$

2. $\frac{1}{2}$ of $\boxed{} = 11$

5. $\frac{3}{4}$ of $\boxed{} = 15$

3. $\frac{1}{4}$ of $\boxed{} = 2$

6. $\frac{2}{3}$ of $\boxed{} = 10$
