

**Resource 2****RATS' DELIGHT!**

*Rats love a dirty, messy environment! Make your rats really twitchy and rat-like! They clean and fiddle with their whiskers all the time!*

- All:** (rap song)     Nibble, nibble, nibble, nibble, lick and munchy,  
These old bikkies are really crunchy!  
With a nibble, nibble here and a nibble, nibble there,  
We can spread germs EVERYWHERE!
- Ron Rat:**             I'm getting nice and fat since we decided to move to  
this school.
- Rita Rat:**             (*Sighing happily*) Mmmmm me too. I can hardly fit  
under the shed anymore.
- Rupert Rat:**          Do you ever feel guilty about spreading germs to all  
those kids?
- Ron + Rita:**          Nah, mate!
- Rita:**                    I mean, it's their own fault for dropping stuff, isn't it?
- Rupert:**                Well, I suppose so. Mind you, one kid was off sick for  
three days coz of our germs last week.
- Ron:**                    Who cares? Tough luck!
- Rita:**                    (*Rushing off in delight*) It's mine, I saw it first!
- Rupert:**                I don't believe it! That little rat has found a butt  
stuffed behind a radiator!
- Ron:**                    Give it 'ere, Rita!
- Rita:**                    (*Licking whiskers*) Too late!
- Rupert:**                Thanks for nothing.
- Ron:**                    'Ere, do you think those kids know we don't exactly  
use toilets?
- Rita:**                    (*Giggling*) Hee, hee, I bet they think those little wet  
patches are just spilled Coca Cola!
- All:**                    Rats are great, rats are brill,  
We just eat up stuff you spill!  
Old bananas taste so nice  
Sorry if we give you lice! (*Evil sniggers*)
