

English Task

War of the Worlds

Your Writing task for this week.....

Imagine aliens have landed somewhere near where you live. You and a friend or family member go to investigate.

The next few slides and the War of the Worlds PowerPoint from last week will help you plan and write your task.

MIND MAP TASK — this is my mind map. I am filling it with adjectives to help me with my writing task.

**Think of as many adjectives (describing words) to add to your own mind map as you can to add into your writing task – the more you think of the better!
You can add extra 'arms' to your map.**

Your task.....

I have drawn a mind map for you to use or to copy for your own adjectives.
Add as many as you can think of for your writing.
