

Geography – Weather and Climate

Class Tasks.....

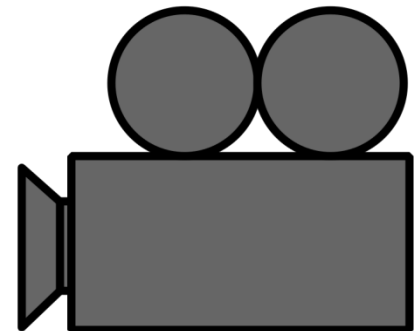

Task 1 – Whole Class Task.....

Let's get creative.....

I would like you to create a weather forecast or find one online and then video yourself as a weather reporter.

Think about what you would wear as a weather reporter and what language you would use (think back to our formal/informal English lessons before Christmas).

Use the PowerPoint from last lesson to help you with different types of weather.

Task 2 – Whole Class Task.....

Put an empty container
outside and leave it for one
week.

I would like you to record the
rainfall that we might have for
a whole week.

After a week, bring it inside
and measure it.

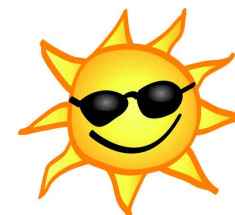

Did we have a little or a lot?
Write one of two sentences
about your findings.

Task 3 – GROUP 1 AND 2

TM, TK, PM, TB, EH, EG, WW

Day	Temperature	Weather
Day 1		
Day 2		
Day 3		
Day 4		
Day 5		
Day 6		
Day 7		

For one week I would like you to update the table for our local weather. Add in the temperature and draw a symbol or symbols to show what the weather has been like.

Task 3 – GROUP 3 AND 4

AC, KS, JS, JC, JH

Day	Temperature	Weather
Day 1		
Day 2		
Day 3		
Day 4		
Day 5		
Day 6		
Day 7		

For one week I would like you to update the table for our local weather. Add in the temperature and draw a symbol or symbols to show what the weather has been like.

At the end of the week, answer the following questions:

1. Which day had the warmest temperature?
2. Which day had the coolest temperature?
3. Compare and contrast the weather and temperature from day 1 and day 4.
4. What has been the average temperature?
5. What type of weather do you prefer and why?
