

W.A.L.T.

Explore

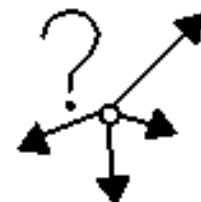

the

World

and

where

we

live,

Why?

To

develop

an

understanding

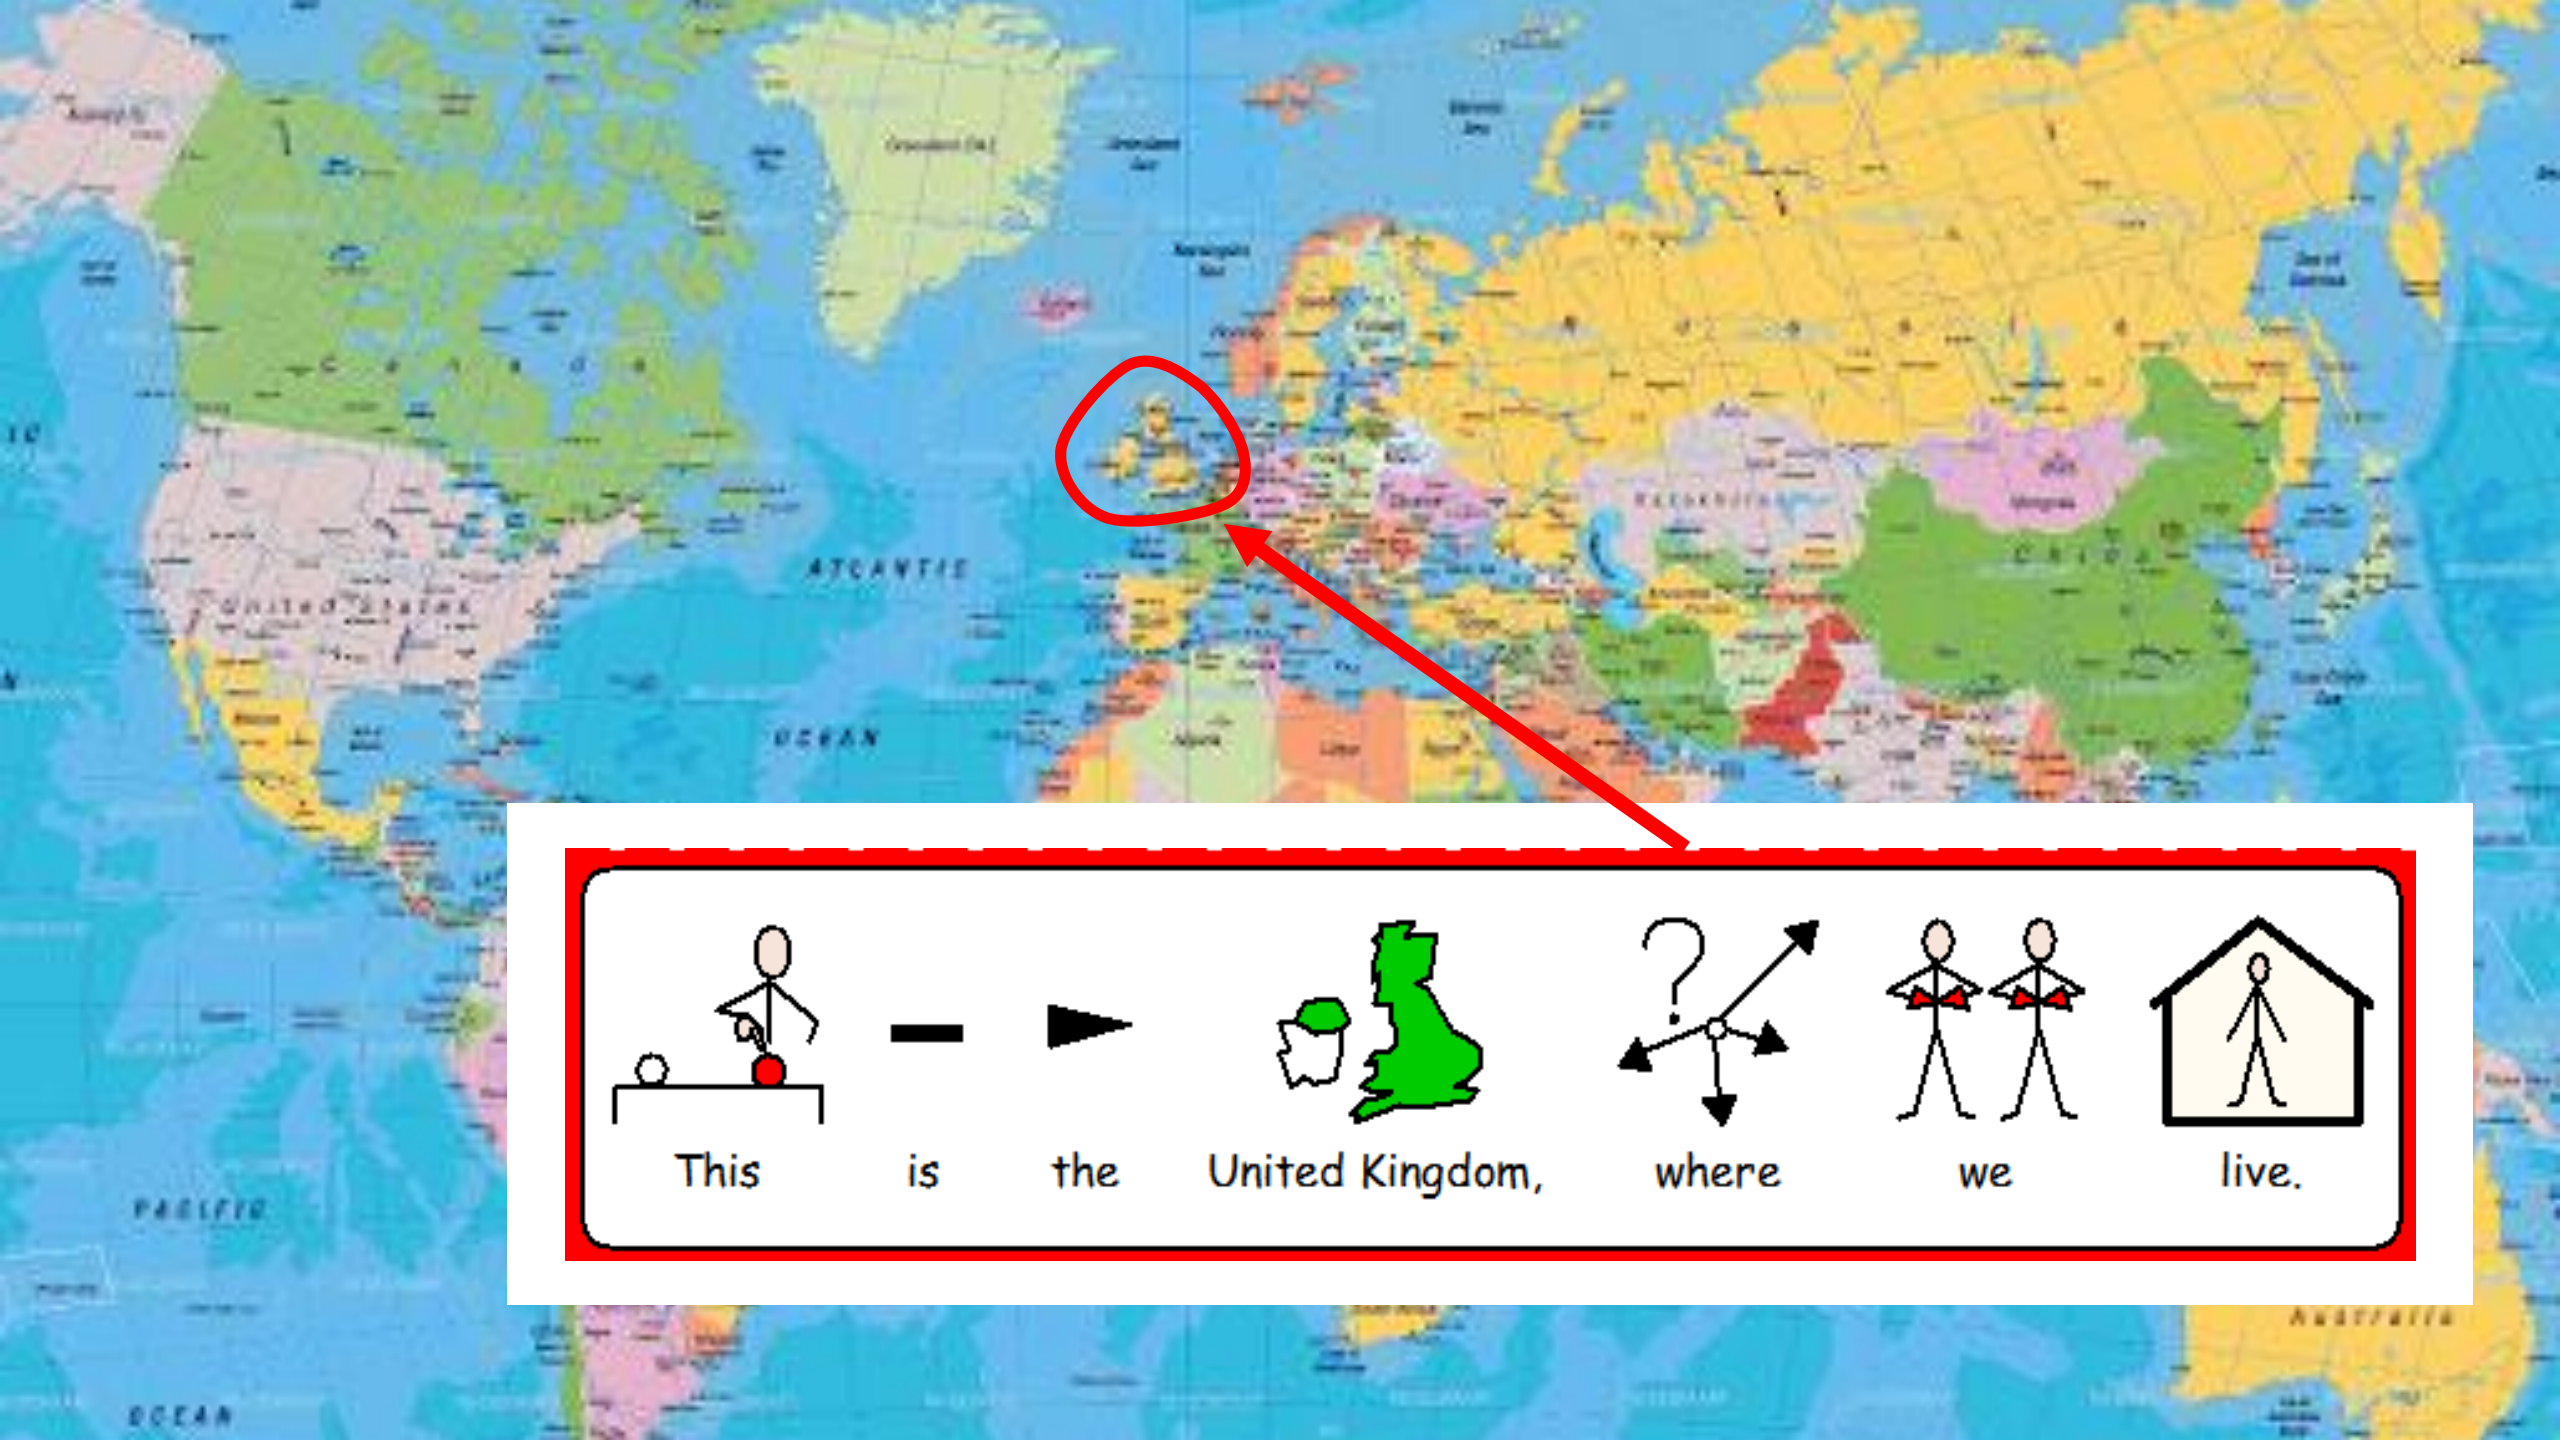

of

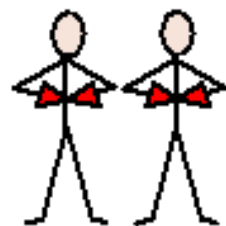

different

places.

This is the United Kingdom, where we live.

We

live

in

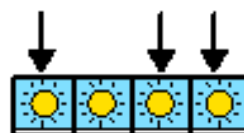

Lancashire.

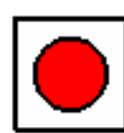

It

rains

a lot

in

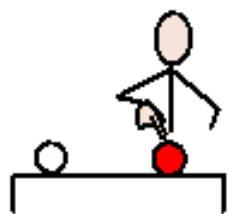

Lancashire.

A world map with a blue ocean and yellow landmasses, showing continents and country borders. The map is slightly blurred and serves as the background for the text.

Can you use some water
spray to experience the
rain of Lancashire?

How does it feel? Is it
hot? Is it cold?

—

This

is

Africa.

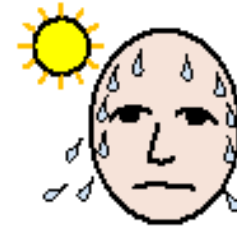

Africa

—

is

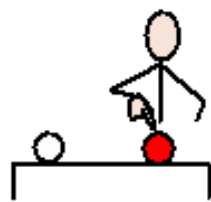

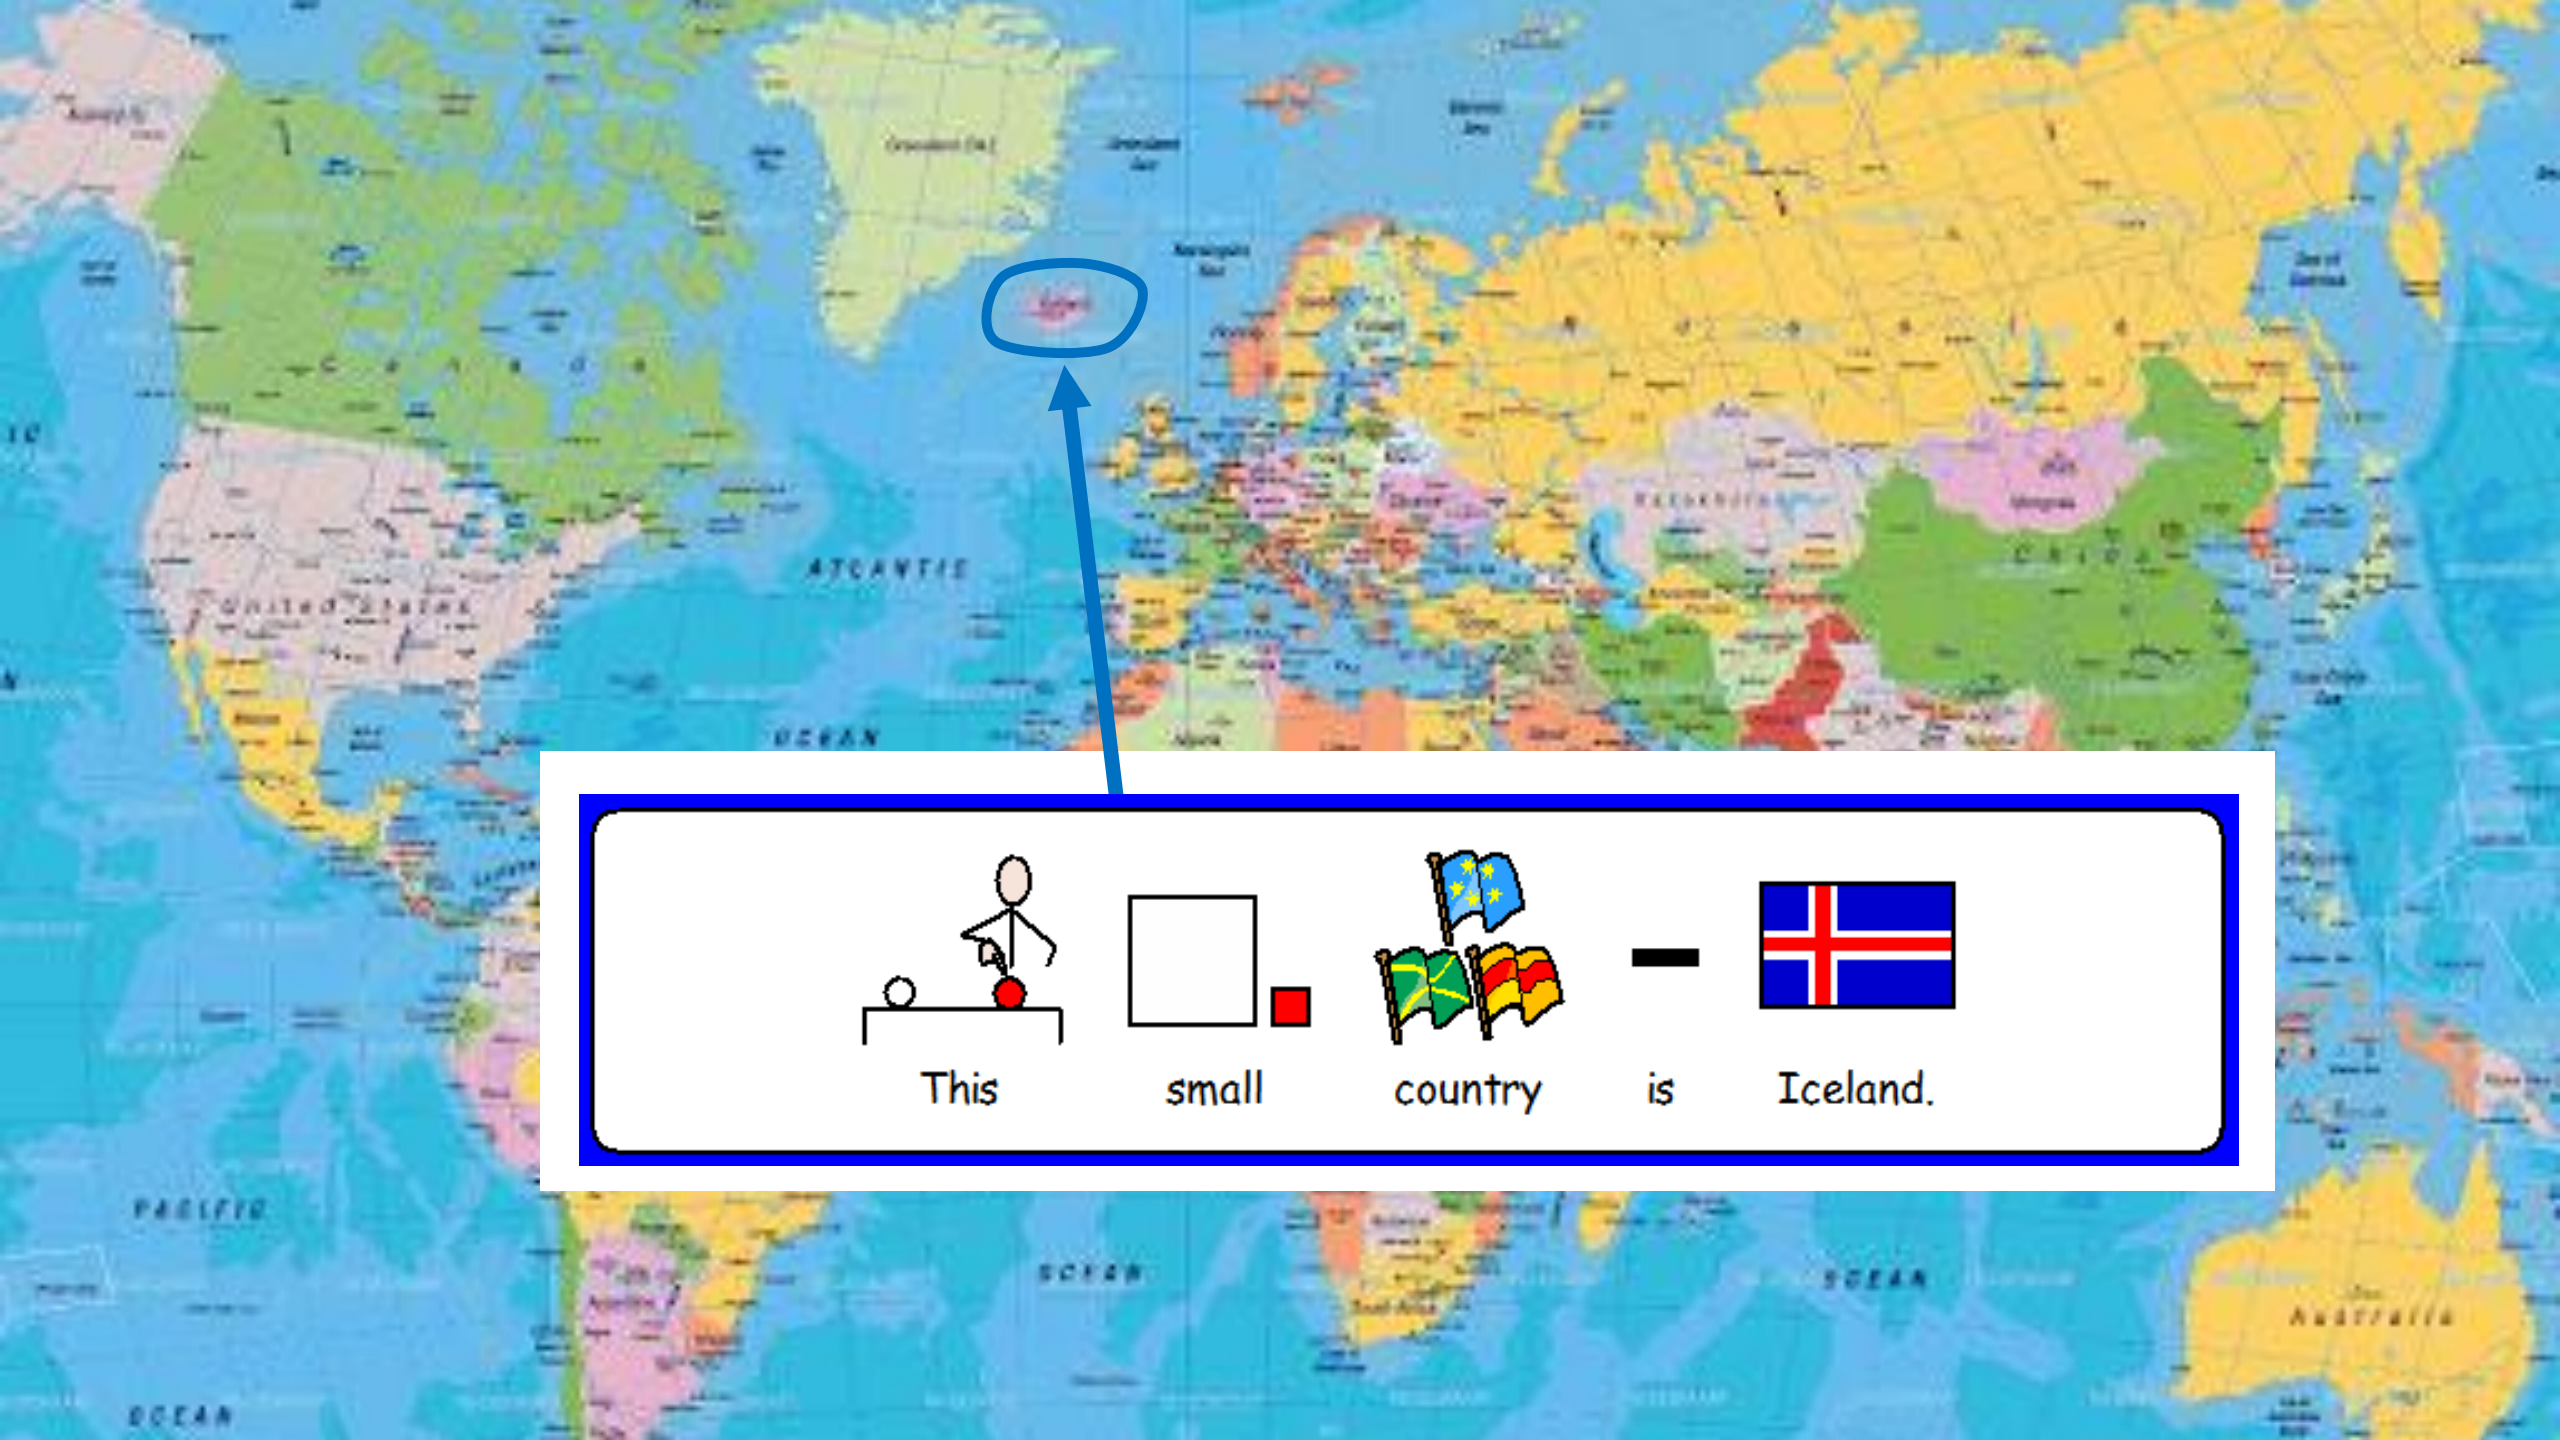

very

hot!

Can an adult help you to use a
hot water bottle to experience
the heat of Africa?

This

small

country

is

Iceland.

Do you have some
ice in your house to
experience the
cold of Iceland?

It

is

very

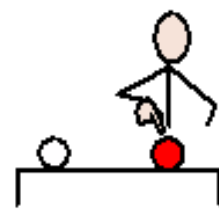

cold

in

Iceland.

This

country

is

Brazil.

Brazil

has

a

big

forest

called

the

rainforest.

Why not go for a walk
and find some twigs and
leaves that remind you
of the rainforest!
