

We wanted to send an official letter of thanks to Tottington High School for hosting the Hit Pause team on the 31st of January for a pupil workshop.

The whole team felt very welcomed by your staff and pupils, and thoroughly enjoyed engaging with students about the skills to combat online mis and disinformation.

As you know, the event is part of a new pilot programme from YouTube and Parent Zone. We are grateful for your contribution and positive feedback as we remain in 'learning mode.'

We hope that we may be able to offer this workshop to other secondary schools in the future, and are delighted that we were able to work with the pupils at Tottington to test out the content and activities.

With very best wishes,

Megan Rose

Chief of Staff, Parent Zone
