Biology Paper 2

7th June 2024

Biology Paper 1

10th May 2024

B17 Biodiversity

What is biodiversity?

How do humans affect biodiversity?

B15 Adaptations, Interdependence and Competition

How do biotic and abiotic factors affect the distribution of organisms?

How can we measure the distribution of organisms?

Year 11 Mock 1

Students will sit their first mock of year 11.

This is to prepare them for their terminal exams and pick up further areas that need greater revision.

B12 Reproduction

What are the different types of reproduction?

What is genetic engineering?

Year 11 Mock 2

Students will sit their second mock of year 11.

This is to prepare them for their terminal exams and pick up further areas that need greater revision.

This exam will also give them a final predicted grade.

B16 Organising and Ecosystem

How are predator and prey populations related?

How are minerals cycled through the ecosystem?

B14 Genetics and Evolution

What is the evidence for evolution?

How are living organisms classified for study?

B13 Variation

What causes variation?

What causes evolution by natural selection?

What is selective breeding?

Year 11
